2001		44%		01-Nov-01	30%		10%		
Total to 2001 (IR£)									
	(€)		(€)			(€)		(€)	
Total to 2001 (€)									
2002 (€)		44%		31-Oct-02	18%		10%		
<b>Total to 2002 (€)</b>									
1. Write your "undisclosed income" for each year in the boxes provided.					5. Calculate your liability in years up to 2001 in Irish pounds. Then convert the figures to Euro at the fixed rate €1 = IR£0.787564. Calculate your liability to 2002 in Euro and add this to the total up to 2001 to get your final liability figure.		6. Add the "Total to 2002" for "tax plus levies", "statutory interest" and "penalty" to get the Total Settlement (tax, interest and penalty).		<b>Total Settlement:</b>
2. Multiply this figure by the "top tax rate plus levies" to get the "tax plus levies due".									
3. Multiply the "tax (etc.)" figure by the "rate of statutory interest" to get the "statutory interest due".									
4. Multiply the "tax (etc.)" figure by the "rate of penalty" to get the "penalty due".
