Select Certificate

No Certificate loaded in this browser. ▾

You can load a digital certificate > [Manage My Certificates](#) ⓘ

Enter Password

Enter Password

Cannot find certificate or forgot password > [Reset Login](#) ⓘ

Login to ROS

Register for ROS

Digital certificate explained.
See How it Works

Click on "Click to browse for a file".

Manage My Certificates

1. Choose your certificate here: ⓘ

Search for a certificate (.p12 file)
on your computer

Drop a file here to upload, or
[Click to browse for a file](#)

2. Enter Password

Loaded certificates will be displayed here: ⌵

Save Remove

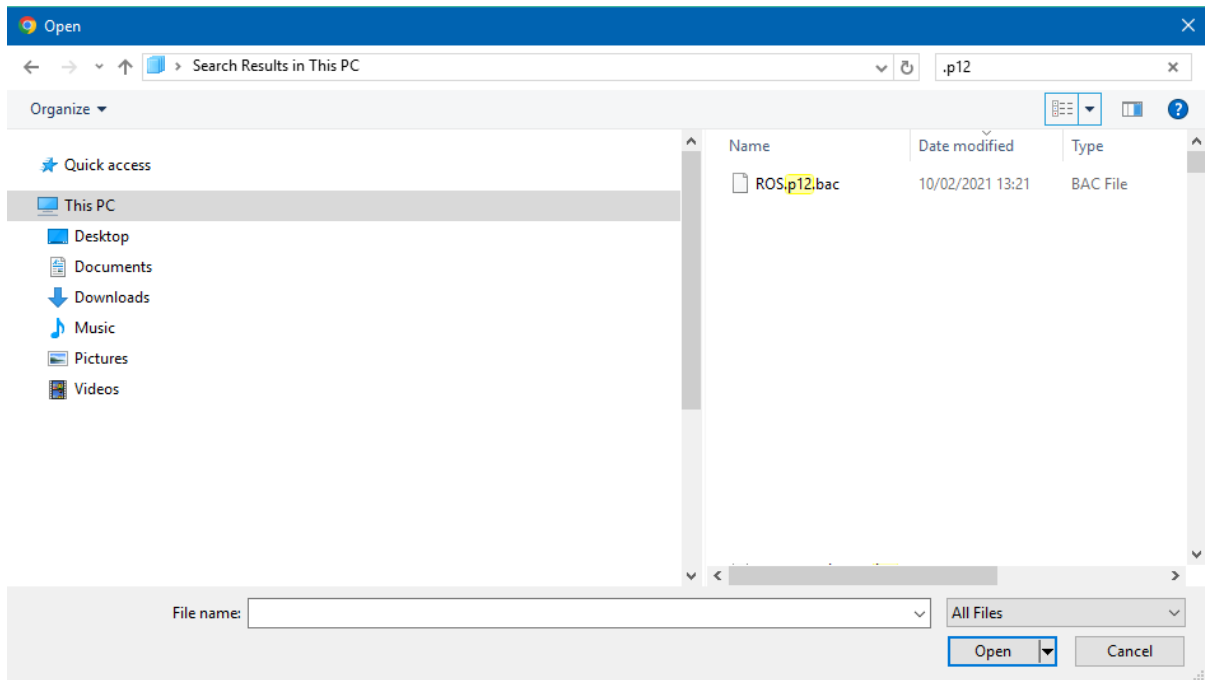

You currently have no certificates loaded in your browser.

From the popup window select “**Computer**” or “**This PC**” in the left-hand column. Then in the search box in the top right, type in **p12**

When the search is complete, identify the most recent file for your certificate from the Date Modified – it will be either a .p12 file or a .p12.bac file.

(To view the date modified, select “**Details**” from the View Options. Click on the column heading to sort by date.)

Double click on this file.

The certificate file name should now be displayed underneath the “**Click to browse for a file**” link. Type your ROS login password into the password box and click the “**Load Certificate**” button.

1. Choose your certificate here: i
