Forthcoming Revenue Annual Report 2024 and Research Publications

Revenue's Annual Report 2024 is scheduled for publication on 30 April 2025. In line with previous years, it will be accompanied by a series of research & statistical publications. Topics covered will include Corporation Tax, Income Tax, VAT and VRT. The 2024 Illegal Tobacco Survey will also be published.

Ipsos MRBI conduct independent surveys of smokers each year for Revenue and the HSE's National Tobacco Control Office.

The 2024 survey found that:

- 26% of cigarette packs and 36% of Roll Your Own packs were classified as illegal.
- Most illegal cigarettes were contraband, with a small portion being illicit whites.
- Legal but non-Irish duty-paid packs accounted for 11% of cigarettes and 13% of Roll Your Own tobacco.

The estimated notional loss to the exchequer arising from an estimated 45.2 million illegal cigarette packs was approximately €590 million, with a notable increase in illicit trade attributed to informal imports sourced through friends, as reported by respondents.

Irish Statistical System Code of Practice

Revenue publishes a notable volume of Official Statistics certified under the Irish Statistical System Code of Practice (ISSCoP) ISSCOP. This certification demonstrates that these Official Statistics produced by Revenue are produced in line with best practice adhering to Principals of Independence, Timeliness and Punctuality, Accessibility and Clarity, Quality and Confidentiality.

Reflecting these standards, Revenue has initiated the process of ISSCoP recertification in cooperation with the CSO with a view to achieving this in 2025.

Statistics Seminar 2026

Revenue will not host a Statistics Seminar in 2025, however there will be a return of this event in 2026. Date to be confirmed.
