

## **Note on Changes to VAT IOSS figures**

May 2025

To ensure the accuracy and clarity of our data, we have made a correction to address an unintended duplication in the IOSS payments tables.

We have identified erroneous duplicates in the combined payments to and payments from Ireland tables, in which the payments from Irish IOSS registered traders were inadvertently recorded twice, in the same manner as the related PDF versions.

In order to improve the data user experience, these duplicates are now removed.
