Checking PBN Channel

Revenue would like to remind all traders involved in bringing goods into Ireland by truck or trailer on a RoRo ferry of their obligations to correctly follow the channel information at disembarkation for the associated PBN.

The channel information is readily available 30 minutes prior to the arrival of the ferry into Ireland by:

- Text message directly to the driver
- Text message directly to other parties in the supply chain
- Email to your business email address
- Direct update of your own IT systems
- Logging on to the Customs RoRo Service on www.revenue.ie and selecting the Customs Channel look up option. ([more info](#))
