1. Introduction:

Customs and Excise payments can now be made by myAccount registered customers through RevPay, Revenue’s online payment facility. RevPay can be used to make a range of secure online electronic tax-related payments – see link below for further assistance.

Customs and Excise payments can be made through RevPay by credit card, debit card, or transfer from the payer’s bank account by Single Debit Instruction (SDI). This will allow instant access to the payment on the Customs and Excise or TAN account without having to contact the relevant cash office.
