Issue Date:	<b>08 April 2026</b>

### 1. Introduction

Revenue is moving the Electronic Transport Document (ETD) from our Automated Import System (AIS) to our New Computerised Transit System (NCTS) to maintain full alignment with EU specifications, in line with the Union Customs Code (UCC) Work Programme.

### 2. What does this mean?

From 30 September 2026 (end date for trader migration window from AIS V1 to AIS V2) it will no longer be possible to submit the ETD in AIS. Instead, the ETD prescribed as the D3 dataset must be submitted to our New Computerised Transit System (NCTS) system.

The following are the key dates for introduction of ETD/D3 into New Computerised Transit System (NCTS):

- Updated New Computerised Transit System (NCTS) trader specifications with ETD/D3 dataset published – 07 April 2026
- ETD/D3 dataset available in New Computerised Transit System (NCTS) Public Interface Testing (PIT) environment – 05 May 2026
- ETD/D3 dataset deployed in New Computerised Transit System (NCTS) live environment – 02 June 2026

### **3. Trader specifications**

Updated trader specifications to incorporate ETD/D3 have recently been published on the Revenue website at [NCTS P6 Trader Guides](#) and include the following:

- NCTS-P6 Trader Guide
- NCTS-P6 Message Exchange
- NCTS-P6 Message Structure
- NCTS-P6 Code List
- NCTS-P6 Business Rules and Conditions
- NCTS-P6 Schemas
