Introduction

From 01 January 2021, all goods arriving in Ireland by RoRo ferry from a place outside the customs territory of the EU, must be imported in accordance with Section 12B of the Customs Act 2015, as inserted by Section 88 Withdrawal of the United Kingdom from the European Union (Consequential Provisions) Bill 2020.

This means that for inbound movement, all safety and security, customs declarations and transit declarations must be lodged prior to arrival at the ferry port of departure in the third country. Additionally, the Movement Reference Number (MRN) of the aforementioned declarations for all goods carried on a vehicle or trailer, must be included in a Pre-Boarding Notification to be submitted to Revenue prior to the arrival of the goods at the ferry port of departure in the third country. For outbound movements the MRN(s) for all of the goods carried on a vehicle must be included in the PBN submitted and cleared by Revenue prior to the departure of the goods from the ferry port in Ireland.

Failure to comply with this requirement is an offence, punishable on summary conviction of a fine of €5000 or imprisonment for a term not exceeding 12 months or both.

A PBN will be required even for all commercial vehicles or trailers even where they are empty.

What is a Pre-Boarding Notification (PBN)?

A PBN is an electronic envelope into which details of all the declarations or movement types for all the goods on the vehicle are input to ensure:

- that no goods are landed in Ireland from a third country without being in a customs procedure.
- to enable allocation of a channel to this vehicle on disembarkation from the ferry in Ireland: or
- to verify the exit of goods from Ireland.

Who must complete a PBN?

A PBN must be created and completed by the carrier in respect of each commercial vehicle or trailer. For the purposes of completing the PBN 'carrier' means a person who has assumed responsibility for carriage of a relevant shipment or an empty vehicle, or the effecting of a relevant movement in relation to goods, into or out of the State by ferry and includes a person who provides haulage services or logistical services in relation to any of the foregoing matters.

What must be included in the PBN?

The PBN must contain the MRN(s) for the declarations related to the goods being carried on that vehicle or the details of the relevant movement types where an MRN is not relevant. To note, there is only one PBN per vehicle or trailer is permitted even where multiple consignments are carried in the vehicle or trailer. It is possible to include multiple MRNs in the PBN.

When must the PBN be completed?

The completion of the PBN must be completed in advance of the vehicle/trailer being checked in at the ferry port of departure in the third country (GB) for inbound movements into Ireland or the ferry port of departure in Ireland in the case of outbound movements from Ireland.

For ease of reference this guide has been split into three sections:

- Section 1 outlines the scenarios for Inbound PBNs/RoRo movements?
- Section 2 outlines the scenarios for Outbound PBNs/RoRo movements
- Section 3 outlines the scenarios that are common to both inbound and outbound RoRo movements.

Section 1

Creating a PBN for goods coming into or going through Ireland from GB (Inbound PBN)

What type of MRNs are accepted in an inbound PBN?

The following MRNs may be included in an inbound PBN:

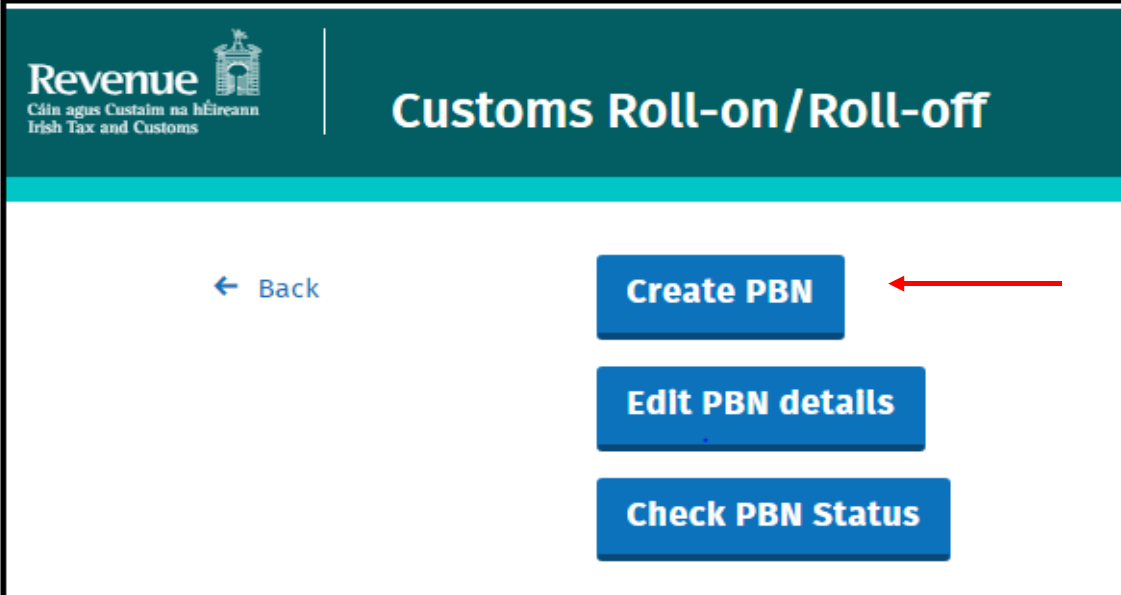

- AIS Import Declaration for goods being cleared at the port
- ENS Declaration
- Transit Declaration

The following MRN formats may be included in a PBN:

- ***AIS Import Declaration format is as follows;***
18 Characters starting with starting with the year country code and office of entry for example 20IEDUB100 followed by 1 alpha character, 3 numeric characters, 1 alpha character, 1 numeric character, alpha character "R" and 1 numeric character
- ***ENS Declaration format is as follows;***
18 Characters starting with 20IE followed by 14 numeric characters
- ***Transit MRN***
18 Characters starting with Two-digit year code, two character country code 20GB followed by 14 alpha numeric characters

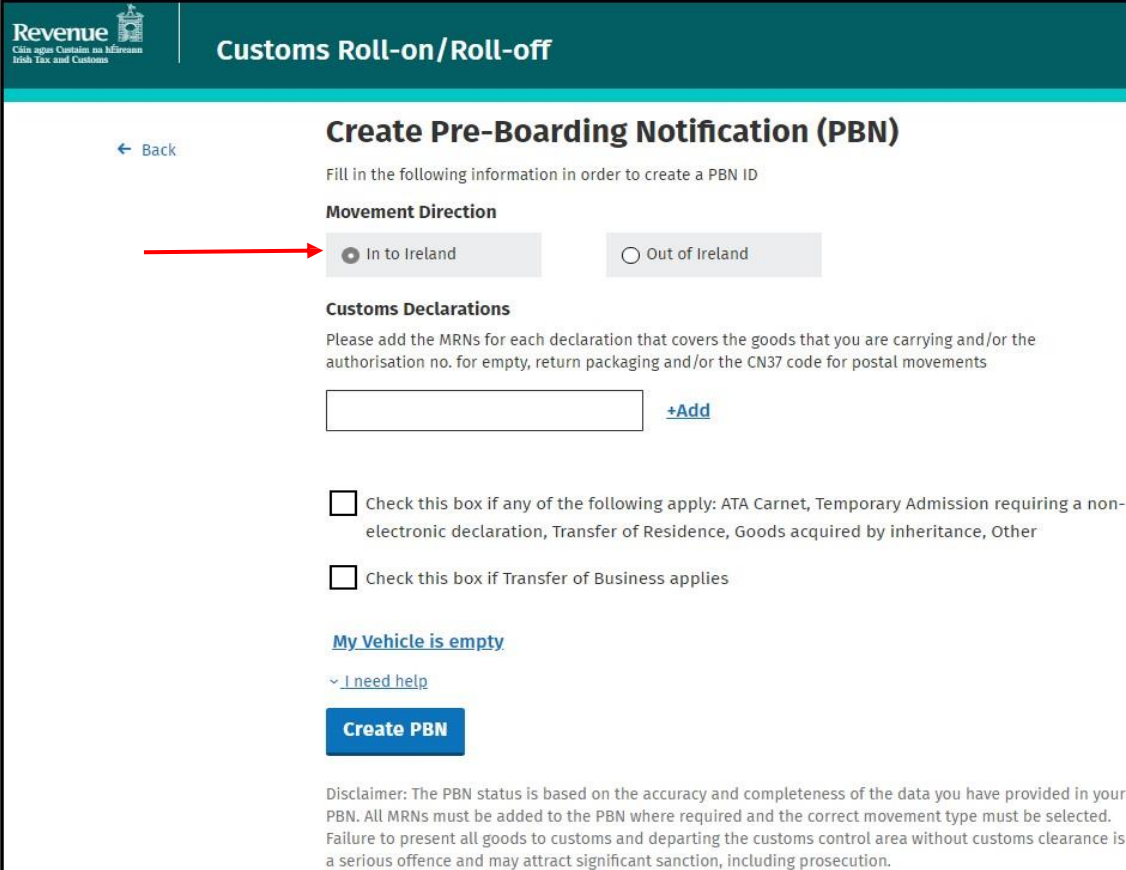

How to create a PBN for an import declared on an electronic import declaration

On the RoRo (www.revenue.ie/roro) page click on **“Create PBN”**

The screenshot shows the Revenue Customs Roll-on/Roll-off interface. At the top left is the Revenue logo with the text 'Cáin agus Custaim na hÉireann Irish Tax and Customs'. To the right is the title 'Customs Roll-on/Roll-off'. Below the title, there is a 'Back' link with a left arrow. On the right side, there are three blue buttons: 'Create PBN', 'Edit PBN details', and 'Check PBN Status'. A red arrow points to the 'Create PBN' button.

1. Select required **“Movement Direction”** - **“In to Ireland”** for inbound movements

The screenshot shows the 'Create Pre-Boarding Notification (PBN)' form. At the top left is the Revenue logo. The title 'Customs Roll-on/Roll-off' is at the top right. Below the title is a 'Back' link with a left arrow. The main heading is 'Create Pre-Boarding Notification (PBN)'. Below this is the instruction 'Fill in the following information in order to create a PBN ID'. The 'Movement Direction' section has two radio buttons: 'In to Ireland' (selected, highlighted with a red arrow) and 'Out of Ireland'. The 'Customs Declarations' section has a text box for adding MRNs and a '+Add' link. Below this are two checkboxes: 'Check this box if any of the following apply: ATA Carnet, Temporary Admission requiring a non-electronic declaration, Transfer of Residence, Goods acquired by inheritance, Other' and 'Check this box if Transfer of Business applies'. There is a link 'My Vehicle is empty' and a link 'I need help'. At the bottom is a 'Create PBN' button. A disclaimer at the bottom states: 'Disclaimer: The PBN status is based on the accuracy and completeness of the data you have provided in your PBN. All MRNs must be added to the PBN where required and the correct movement type must be selected. Failure to present all goods to customs and departing the customs control area without customs clearance is a serious offence and may attract significant sanction, including prosecution.'

2. Enter MRN(s) and click **+Add**

Add the MRN(s) for each declaration for the goods that you are carrying. If you are carrying multiple consignments, then multiple MRNs will need to be added. A Vehicle carrying goods for direct import/clearance at the port will require a minimum of:

- MRN(s) of all the ENS declaration(s)
- MRN(s) of all the Import declaration(s)

Create PBN

The option to “Remove” an MRN will also be available where it has been included in error.

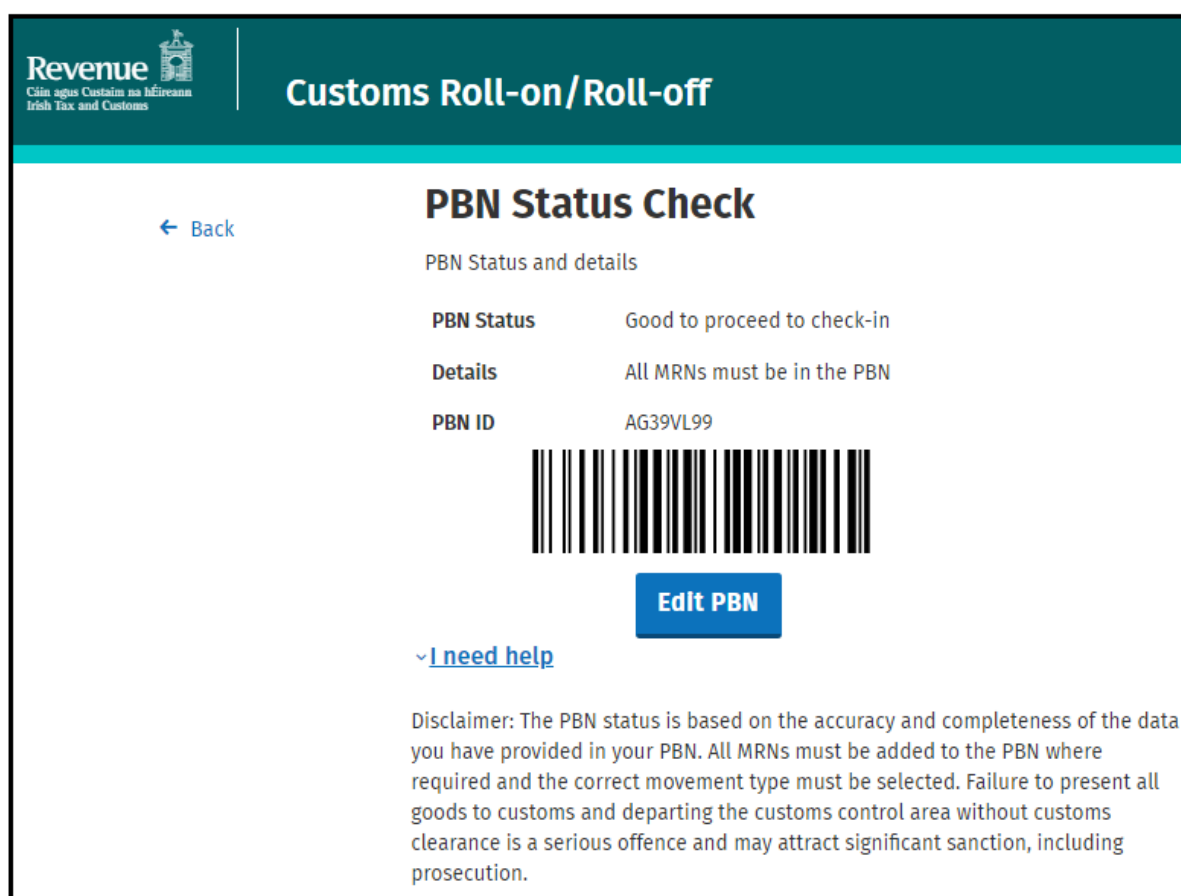

Once remove is selected the details will immediately be removed from the PBN.

3. Click “Create PBN”

When you have added all of the MRNs for all of the consignments in the vehicle or trailer, click on the “Create PBN” button.

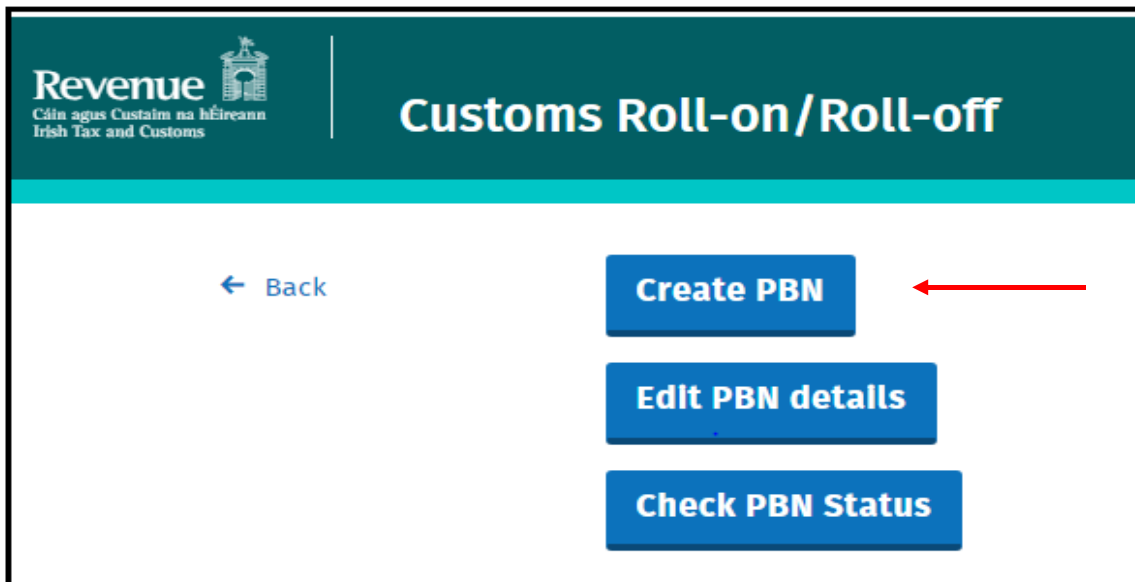

The unique PBN ID relating to the consignments to be carried in the vehicle or trailer will then be created. The following screenshot displays an example of a PBN that has been successfully created.

How to complete a PBN for Inbound transit declarations

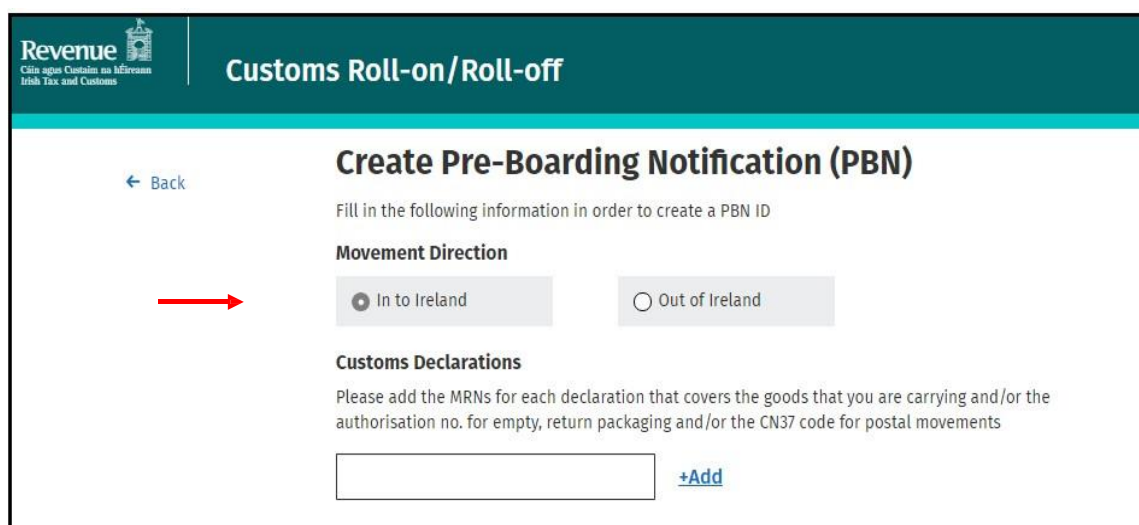

Inbound transit T2 (Union goods)

1. On the RoRo page click on **“Create PBN”**

The screenshot shows the Revenue Customs Roll-on/Roll-off interface. The header includes the Revenue logo and the title 'Customs Roll-on/Roll-off'. Below the header, there is a 'Back' link and three buttons: 'Create PBN', 'Edit PBN details', and 'Check PBN Status'. A red arrow points to the 'Create PBN' button.

2. Select required **“Movement Direction”** - **“In to Ireland”** for inbound movements

The screenshot shows the 'Create Pre-Boarding Notification (PBN)' form. The header includes the Revenue logo and the title 'Customs Roll-on/Roll-off'. Below the header, there is a 'Back' link and the title 'Create Pre-Boarding Notification (PBN)'. The form instructs the user to fill in the following information in order to create a PBN ID. Under 'Movement Direction', there are two radio buttons: 'In to Ireland' (selected) and 'Out of Ireland'. Under 'Customs Declarations', there is a text box for adding MRNs and a '+Add' button. A red arrow points to the 'In to Ireland' radio button.

Add the MRNs for each declaration for the goods that you are carrying. If you are carrying multiple consignments, then multiple MRNs will need to be added.

A Vehicle with a T2 Transit ending in the Port or ending at an Inland TSF must contain the following:

- MRN of all the ENS declaration(s)
- MRN of all the transit declaration(s)

3. Enter MRN and click **+Add**

Inbound transit T1 (non-Union goods)

1. On the RoRo page click on **“Create PBN”**

The screenshot shows the Revenue Customs Roll-on/Roll-off interface. At the top left is the Revenue logo with the text 'Cáin agus Custaim na hÉireann Irish Tax and Customs'. The main header is 'Customs Roll-on/Roll-off'. Below the header, there is a 'Back' link with a left arrow. To the right, there are three blue buttons: 'Create PBN', 'Edit PBN details', and 'Check PBN Status'. A red arrow points to the 'Create PBN' button.

2. Select required **“Movement Direction”** - **“In to Ireland”** for inbound movements

The screenshot shows the 'Create Pre-Boarding Notification (PBN)' form. At the top left is the Revenue logo. The main header is 'Customs Roll-on/Roll-off'. Below the header, there is a 'Back' link with a left arrow. The title is 'Create Pre-Boarding Notification (PBN)'. Below the title, it says 'Fill in the following information in order to create a PBN ID'. Under 'Movement Direction', there are two radio buttons: 'In to Ireland' (selected, indicated by a red arrow) and 'Out of Ireland'. Under 'Customs Declarations', it says 'Please add the MRNs for each declaration that covers the goods that you are carrying and/or the authorisation no. for empty, return packaging and/or the CN37 code for postal movements'. There is a text input field and a '+Add' link. Below this, there are two checkboxes: 'Check this box if any of the following apply: ATA Carnet, Temporary Admission requiring a non-electronic declaration, Transfer of Residence, Goods acquired by inheritance, Other' and 'Check this box if Transfer of Business applies'. At the bottom, there is a link 'My Vehicle is empty', a link 'I need help', and a 'Create PBN' button. A disclaimer at the bottom states: 'Disclaimer: The PBN status is based on the accuracy and completeness of the data you have provided in your PBN. All MRNs must be added to the PBN where required and the correct movement type must be selected. Failure to present all goods to customs and departing the customs control area without customs clearance is a serious offence and may attract significant sanction, including prosecution.'

Add the MRNs for each declaration for the goods that you are carrying. If you are carrying multiple consignments, then multiple MRNs will need to be added.

For T1 Transit there may be either of the following situations.

1. A Vehicle with T1 Transit (Non-Union goods only) where the transit is **ending in the Port** and customs clearance is conducted at the port. In this scenario the PBN should contain the following information:
 - MRN of all the ENS declaration(s)
 - MRN of all the transit declaration(s)
 - MRN of all the Import declarations
2. A Vehicle with a T1 Transit (Non-Union goods only) where the transit is **ending at an authorised Temporary Storage Facility (TSF)** and the goods are moving into another customs procedure should have at least the following information in the PBN.
 - MRN of all the ENS declaration(s)
 - MRN of all the transit declaration (s)

Note: The MRNs of import declarations are not to be included in the PBN in this scenario.

3. Enter MRN and click **+Add**

Communication of Vehicle channel for inbound movements– insertion of contact details when creating PBN

- Applicable for inbound PBNs only
- Improved communication of Vehicle Channel

At creation of an inbound PBN, the ‘creator’ will be prompted to:

- Insert mobile phone number(s); and
- Insert email address

15 | Page

Customs Roll-on/Roll-off

Create Pre-Boarding Notification (PBN)

Fill in the following information in order to create a PBN ID

Movement Direction

☒ In to Ireland

☐ Out of Ireland

Add Contact Details

Enter contact details to receive vehicle channel via text message or email

Email Address

Mobile Number 1

Mobile Number 2

Example: 0871234567 or +447123456789 (International format)

- At 30 minutes out from arrival of the vessel into Ireland, when the vehicle channel becomes available, Revenue will
- Issue a text message with the channel to the mobile phone number(s) in the PBN; and
- Issue an email with the channel to the email address in the PBN

When the channel for a vehicle is updated from 'Call to Customs' to 'Exit the Port', Revenue will notify this updating of the channel to:

- The mobile phone number(s) by text and
- The email address(es) by email.

This text messaging is in addition to the messaging that will issue by Revenue to the driver's mobile number when they are parked up and have used the Revenue Parking Self-Check-In. The text messaging associated with this function is mainly used to advise the driver electronically of where to go for inspection.

Section 2

Creating a PBN for goods leaving Ireland to go to or through GB (Outbound PBNs)

What type of MRNs are accepted in an Outbound PBN?

The following MRNs may be included in an outbound PBN:

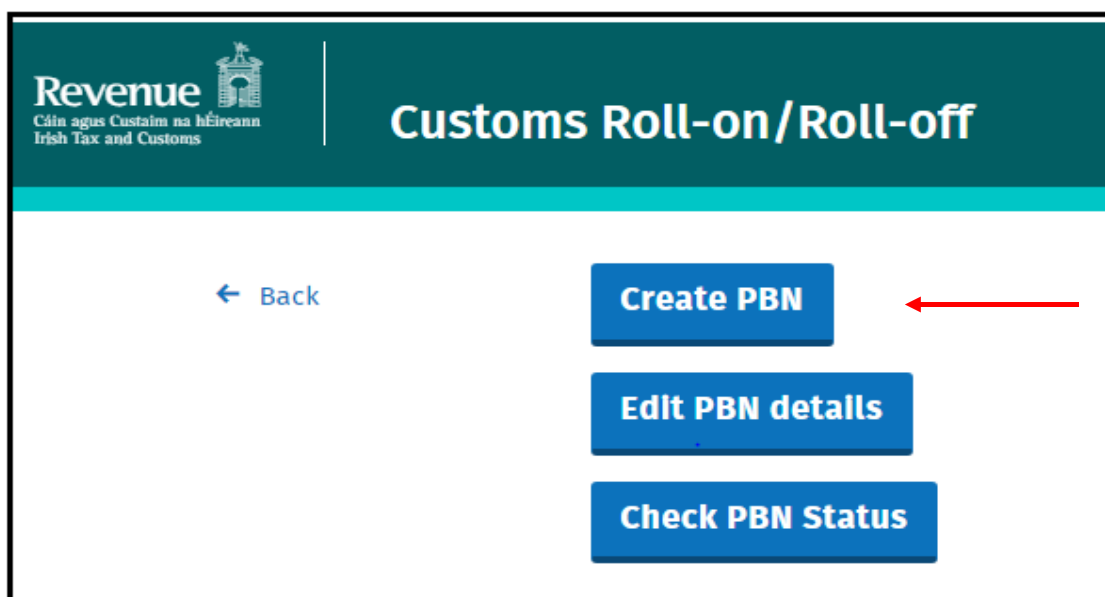

- AES export Declaration from 21st March 2023
- EXS declaration
- Transit declaration

MRN formats accepted into an outbound PBN

- **AES Export declaration format is as follows;**
18 Characters starting with 23IEDUB4 with the penultimate character indicating the declaration type.
- **EXS declaration format is as follows:**
18 Characters starting with 20IEDU1ES followed by 9 numeric characters
- **Transit declaration format is as follows;**
18 Characters starting with Two-digit year code, two-character country code 20GB followed by 14 alpha numeric characters

How to create a PBN for an export declared on an export electronic declaration

1. On the RoRo (www.revenue.ie/ro-ro) page Click "Create PBN"

2. Select required "Movement Direction" - "Out of Ireland" for outbound movements (Exports).

[I need help](#)

Create PBN

Disclaimer: The PBN status is based on the accuracy and completeness of the data you have provided in your PBN. All MRNs must be added to the PBN where required and the correct movement type must be selected. Failure to present all goods to customs and departing the customs control area without customs clearance is a serious offence and may attract significant sanction, including prosecution.

Repeat this step for each declaration associated with each consignment being carried in the vehicle.

Once the MRN has been successfully added the reference number(s) and the type of declaration(s) fields, as shown in the green box on the screenshot below, will be displayed automatically.

Failure to present all goods to customs and departing the customs control area without customs clearance is a serious offence and may attract significant sanction, including prosecution.

Section 3: Scenarios common to both Inbound and Outbound PBNs

What type of Authorisation numbers/Reference Numbers are accepted in the PBN?

Authorisation numbers provided by Revenue in relation to the use of oral declarations for empty/returned packaging and piggyback trailers may be included in the PBN. Please access this link [Import and Re-import packaging](#) for further information on the authorisation process for empty packaging.

The CN37 reference number for postal movements can also be inserted into the designated field to create a PBN for a postal movement.

A valid ATA Carnet number can be inserted into the designated field to create a PBN for a movement covered by an ATA carnet.

How to create a PBN for an empty vehicle/trailer

A PBN ID is required for all empty vehicles checked in on a RoRo ferry as commercial freight. This can include all the following:

- Empty trailer
- Empty vehicle
- Empty van
- Cab
- Caravan
- Piggyback trailers (empty/stacked trailers, where a trader is not authorised by Revenue)

The steps to take to create a PBN ID for an empty vehicle are outlined below:

4. On the RoRo (www.revenue.ie/ro-ro) page click on **“Create PBN”**

Revenue

Create PBN

Disclaimer: The PBN status is based on the accuracy and completeness of the data you have provided in your PBN. All MRNs must be added to the PBN where required and the correct movement type must be selected. Failure to present all goods to customs and departing the customs control area without customs clearance is a serious offence and may attract significant sanction, including prosecution.

- Select the option ‘my vehicle is empty’

4. Once this option is selected, you are required to tick a box to confirm that you are making a declaration that your vehicle/trailer is empty
5. Once the box is ticked, you can select the 'create PBN' button

6. The unique PBN ID relating to the vehicle or trailer will then be created. The following screenshot displays an example of a PBN that has been successfully created

'Piggyback' trailers authorisation

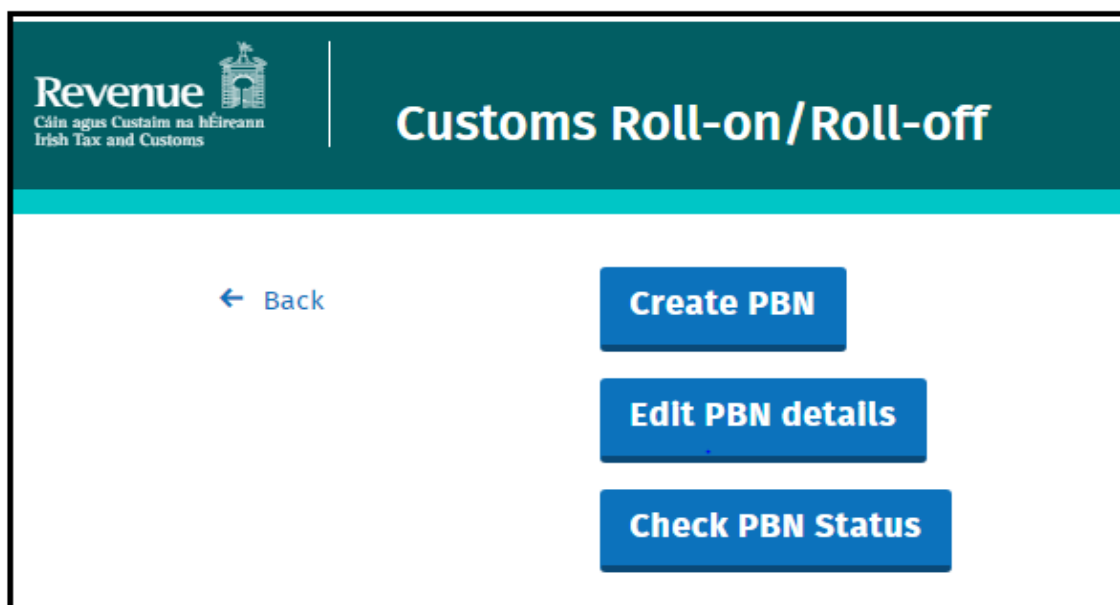

If you are moving empty trailers in a stacked or 'piggyback' manner by RoRo ferry, you can apply to Revenue for an authorisation number which can be used to create a Pre-Boarding Notification (PBN).

The '[Piggyback' trailer authorisation application form](#) should be completed and submitted to RoRoNCH@revenue.ie or Rosslare@revenue.ie. Revenue will process completed applications and, if approved, an authorisation number will issue to the applicant. The applicant will be required to accept the terms and conditions of the authorisation.

The approved authorisation will allow traders to create a PBN and move ‘piggyback’ trailers into, or out of, Dublin and Rosslare ports, on an ongoing basis.

How to create a PBN for a piggyback trailer using an authorisation number

1. On the RoRo (www.revenue.ie/roro) page click on **“Create PBN”**

6. Select required **“Movement Direction”** - **“Into Ireland”** for inbound movements or **‘Out of Ireland’** for outbound movements

Disclaimer: The PBN status is based on the accuracy and completeness of the data you have provided in your PBN. All MRNs must be added to the PBN where required and the correct movement type must be selected. Failure to present all goods to customs and departing the customs control area without customs clearance is a serious offence and may attract significant sanction, including prosecution.

Inbound Empty Packaging

If you are carrying empty packaging, there are two options available to you, outlined below.

Option 1: Authorisation for Oral Declaration

Businesses who frequently move empty packaging and containers into Ireland are advised to apply for an authorisation to move these items without having to present a declaration form to customs for each movement. The application form available at this link '[application form for oral declaration authorisation](#)' should be completed and sent to customsreliefs@revenue.ie for approval. Once authorised, the applicant will be issued with an Authorisation Number.

Once authorised:

- the business should, when creating a PBN, declare the authorisation number in the relevant field on the 'Create PBN' screen.
- these PBNs are given an automatic 'Exit the Port' channel

Option 2: Use of an Oral Declaration

Where a business does not hold an 'Authorisation for Oral Declaration' then an 'oral declaration' is required for each consignment, this requirement can be fulfilled at the time of requesting a PBN ID for the consignment.

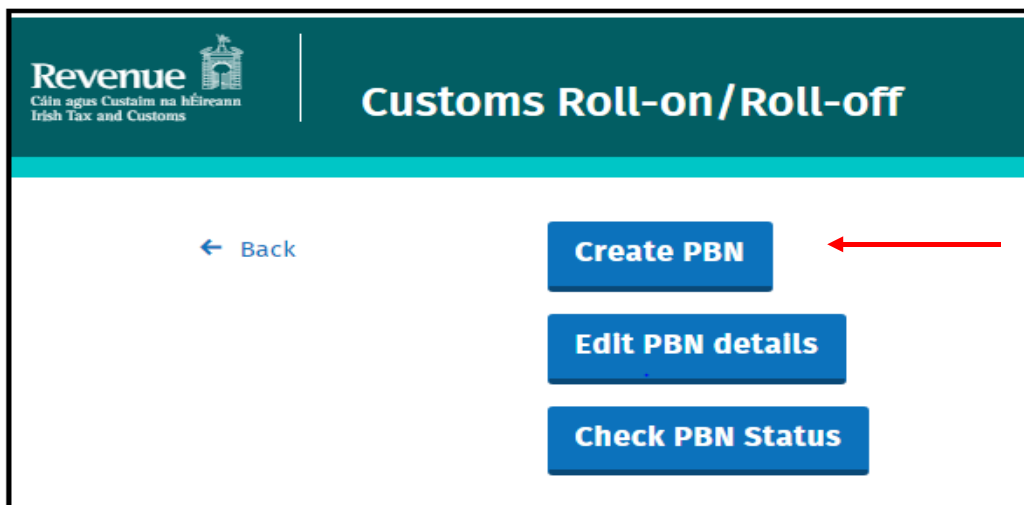

The request for the PBN ID must include details of the goods being imported or exported i.e., the details supplied in the e-mail to Revenue can act as an Oral Declaration. It is important to check your channel to see if it is necessary to 'Call to Customs' to have your consignment checked and cleared for import. In the case of outbound PBNs created for oral export declarations you should check the status of the PBN. If the status displays 'Good to proceed to check-in' the driver can proceed to check in with the Ferry Operator.

Prior to boarding the ferry, the business must:

- email customspbn@revenue.ie and request a PBN ID for the movement of empty packaging by oral declaration
- All relevant details of the consignment are to be included in the email to customspbn@revenue.ie
- thirty minutes prior to arrival in the port, the channel should be reviewed on the 'Customs Channel look up' on the Revenue website

Creating a PBN ID for empty packaging under Option 1:

1. On the RoRo page click on **"Create PBN"**

2. Select required **"Movement Direction"** - **"In to Ireland"** for inbound movements

Failure to present all goods to customs and departing the customs control area without customs clearance is a serious offence and may attract significant sanction, including prosecution.

Outbound Empty packaging

If you are carrying empty packaging, there are two options available to you, outlined below.

Option 1: Authorisation for Oral Declaration

Businesses who frequently move empty packaging and containers out of Ireland are advised to apply for an authorisation to move these items without having to present a declaration form to customs for each movement. The application form available at this link '[application form for oral declaration authorisation](#)' should be completed and sent to customsreliefs@revenue.ie for approval. Once authorised, the applicant will be issued with an Authorisation Number.

Once authorised:

- the business should, when creating a PBN, declare the authorisation number in the relevant field on the 'Create PBN' screen.

Option 2: Use of an Oral Declaration

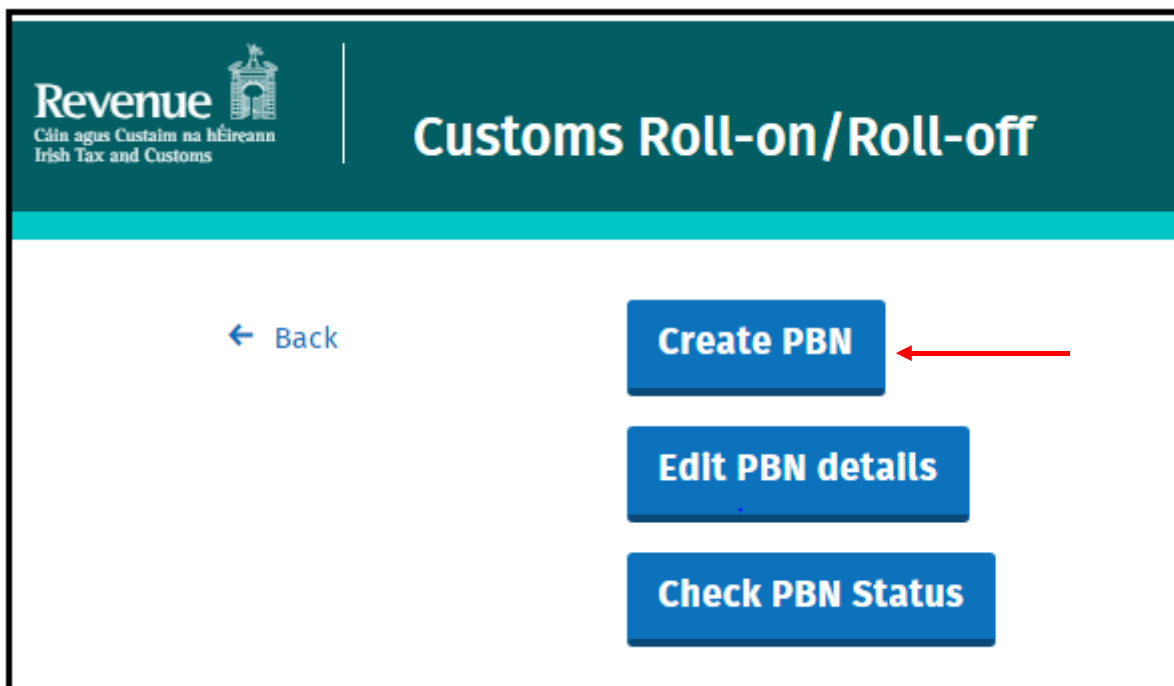

Where a business does not hold an 'Authorisation for Oral Declaration' then an 'oral declaration' is required for each consignment, this requirement can be fulfilled at the time of requesting a PBN ID for the consignment.

The request for the PBN ID must include details of the goods being exported i.e. the information provided in the e-mail to Revenue can act as an Oral Declaration.

Prior to boarding the ferry, the business must:

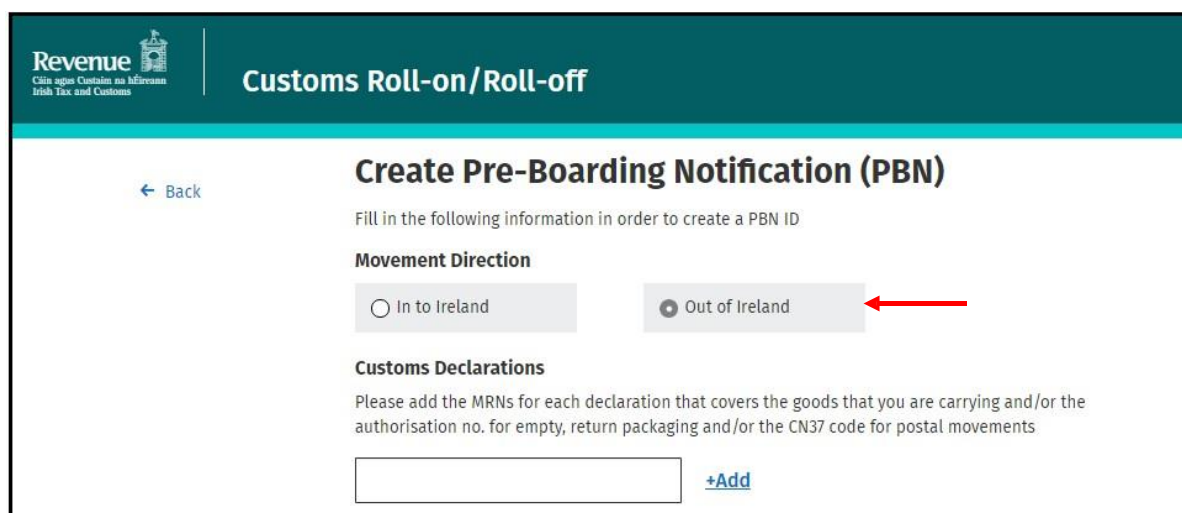

- email customspbn@revenue.ie and request a PBN ID for movement of empty packaging by oral declaration
- All relevant details regarding the consignment are to be included in the email to customspbn@revenue.ie

1. On the RoRo page Click “Create PBN”

The screenshot shows the Revenue Customs Roll-on/Roll-off interface. The header includes the Revenue logo and the title 'Customs Roll-on/Roll-off'. Below the header, there is a 'Back' link and three main buttons: 'Create PBN', 'Edit PBN details', and 'Check PBN Status'. A red arrow points to the 'Create PBN' button.

2. Select required “Movement Direction” - “Out of Ireland” for outbound movements

The screenshot shows the 'Create Pre-Boarding Notification (PBN)' form. The header includes the Revenue logo and the title 'Customs Roll-on/Roll-off'. Below the header, there is a 'Back' link and the form title 'Create Pre-Boarding Notification (PBN)'. The form instructions state: 'Fill in the following information in order to create a PBN ID'. Under 'Movement Direction', there are two radio buttons: 'In to Ireland' and 'Out of Ireland'. A red arrow points to the 'Out of Ireland' button. Below this, under 'Customs Declarations', there is a text box for adding MRNs and a '+Add' link.

If you are carrying empty packaging please add the Customs Authorisation number. If applicable, in the customs declaration text box.

3. Enter Authorisation number click **+Add**

4. Click “Create PBN”

When you have added all of the ATA Carnet numbers for all of the consignments in the vehicle or trailer, click on the “Create PBN” button.

[I need help](#)

Create PBN ←

The unique PBN ID relating to the consignments to be carried in the vehicle or trailer will then be created.

Please note: An outbound PBN with an ATA Carnet will have a PBN status of ‘Not good to proceed to check-in’. The driver will need to call to the Customs Export Office to have the ATA Carnet processed. Once it has been processed by the Customs Trade Facilitation team the PBN status will update to ‘Good to proceed to check-in’ and the driver can proceed to the outbound ferry check-in.

Other movement types

Where goods are moving inbound or outbound and no electronic declaration is required, therefore no MRNs/Reference numbers are available for insertion into the PBN, you should contact Revenue via email by sending an email to CustomsPBN@revenue.ie and they will provide you with details of

the information that is required to create a PBN. Once this information is supplied and is satisfactory a PBN ID will be provided to you.

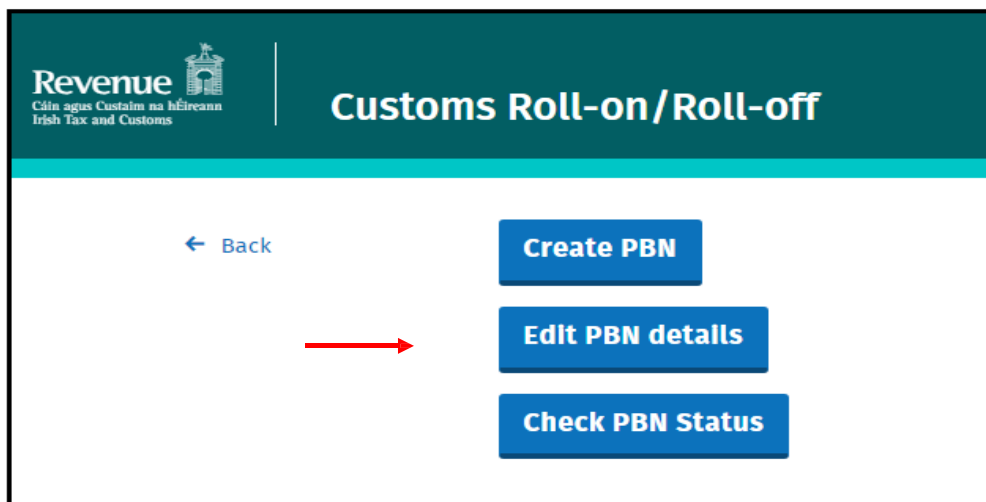

The list below refers to these specific movement types:

- Oral declarations, [Transfer of Residence](#), [Goods acquired by inheritance](#), Outbound Low Value Consignments, [Temporary Admission with an oral declaration](#), [Temporary Export and re-import of certain goods](#) in Other movement types

Where such goods are being moved on the vehicle/trailer along with goods requiring customs declarations, you should create your PBN ID by inserting MRN(s). You should then email customsPBN@revenue.ie to advise Revenue of the other consignments on board the vehicle.

How do I edit a PBN?

1. On the RoRo page click “Edit PBN details”

2. Enter the “PBN ID” details you wish to edit in the PBN ID field and click the “Edit PBN” button.

A screenshot of the 'Edit PBN' form on the Revenue website. The page has a teal header with the Revenue logo and the title 'Customs Roll-on/Roll-off'. Below the header, there is a 'Back' link with a left arrow. The main heading is 'Edit PBN'. Below it, there is a text prompt 'Enter the PBN ID to edit details'. Underneath, there is a label 'PBN ID' and a text input field containing 'AG39VL99'. Below the input field is a blue button labeled 'Edit PBN'. A red arrow points from the input field to the 'Edit PBN' button. At the bottom of the form, there is a disclaimer: 'Disclaimer: The PBN status is based on the accuracy and completeness of the data you have provided in your PBN. All MRNs must be added to the PBN where required and the correct movement type must be selected. Failure to present all goods to customs and departing the customs control area without customs clearance is a serious offence and may attract significant sanction, including prosecution.'

3. Within the “Edit PBN” screen the user will have the option to add additional MRNS/Authorisation Numbers or remove MRNS/Authorisation Numbers.

Can I edit my PBN after check-in at the ferry terminal?

Once the PBN has been provided to the Ferry Operator at check-in at the ferry terminal it is locked for editing by the trade. This means that you will not be permitted to make any amendments to the information in the PBN after this point. In exceptional circumstances you may email CustomsPBN@revenue.ie for further assistance.

How do I check my PBN Status?

All vehicles/trailer will need to have a good to proceed to check-in status before going to check-in at the ferry terminal. To check the status of a PBN ID you should follow these steps:

1. On the RoRo page click "Check PBN Status"

2. Enter "PBN ID" details and click "Check Status"

The screenshot shows the "Check PBN Status" form. It has a "Back" link with a left arrow. The title is "Check PBN Status". Below the title, it says "Enter the PBN ID to check status". There is a label "PBN ID" above a text input field containing "AG39VL99". A red arrow points from the input field to a blue "Check Status" button. Below the button, there is a disclaimer: "Disclaimer: The PBN status is based on the accuracy and completeness of the data you have provided in your PBN. All MRNs must be added to the PBN where required and the correct movement type must be selected. Failure to present all goods to customs and departing the customs control area without customs clearance is a serious offence and may attract significant sanction, including prosecution."

3. The following screen will show the PBN status and details.

PBN status “**Good to proceed to check – in**” indicates the user has created a valid PBN ID.

Check the status of Outbound PBN to avoid delays at the Ferry Terminal

It is important to check the status of your PBN before proceeding to the Outbound Ferry Terminal as you will not be permitted to board the ferry by the Ferry Operator at check-in if your PBN does not have a ‘Good to proceed to check-in status’.

Outbound PBN with a status of 'Not good to proceed to check-in'

The following screen displays the status not good to proceed to check-in where the MRN(s) are at an invalid status.

PBN Created

You have successfully created a PBN

PBN Status Not good to proceed to check-in

Details MRN(s) are at an invalid status

PBN ID PM74PN22

[Edit PBN](#)

The MRN may be at a status of Invalidated or Exported or may not been released for Export. You should check with the declarant and where necessary create a new MRN for the consignment.

The following screen displays the status not good to proceed to check-in when the consignment requires customs clearance.

Edit PBN

If you have an issue with the creation of your PBN, email: CustomsPBN@revenue.ie
Visit [Revenue.ie](https://www.revenue.ie) for further info

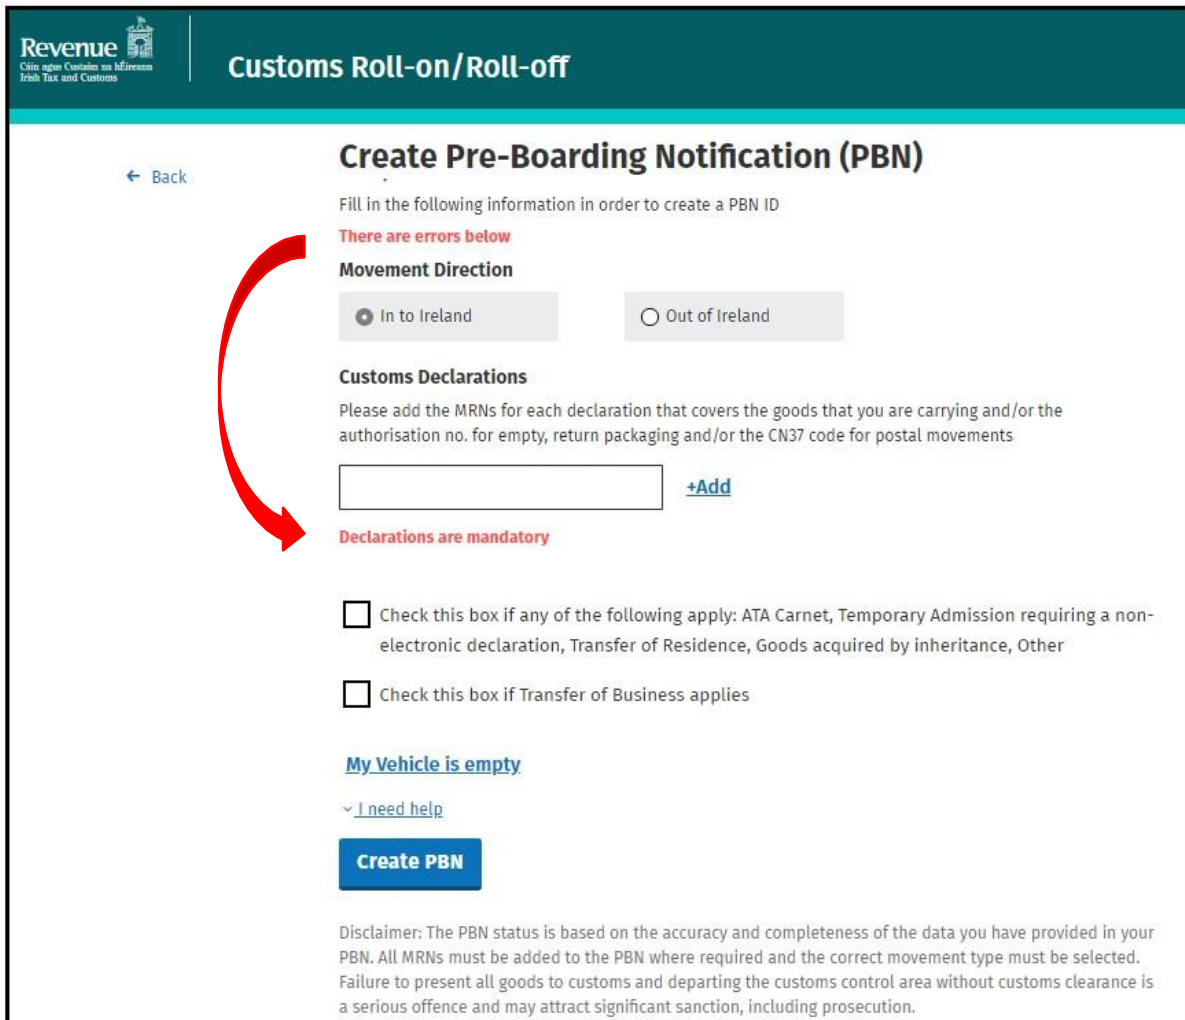

Disclaimer: The PBN status is based on the accuracy and completeness of the data you have provided in your PBN. All MRNs must be added to the PBN where required and the correct movement type must be selected. Failure to present all goods to customs and departing the customs control area without customs clearance is a serious offence and may attract significant sanction, including prosecution.

You will need to call to the customs export office for assistance in clearing your consignment for export before you board the Ferry.

Common errors

Declarations are Mandatory

If the user does not input, the customs declarations or does not select the required fields the following error “**Declarations are mandatory**” will be returned requesting declarations

The screenshot shows the 'Create Pre-Boarding Notification (PBN)' form on the Revenue website. The form is titled 'Create Pre-Boarding Notification (PBN)' and includes a 'Back' link. A red curved arrow points to the 'Declarations are mandatory' error message. The form contains the following sections:

- Movement Direction:** Radio buttons for 'In to Ireland' (selected) and 'Out of Ireland'.
- Customs Declarations:** A text input field for MRNs, a '+Add' button, and a red error message 'Declarations are mandatory'.
- Checkboxes:** Two checkboxes for additional declarations: 'Check this box if any of the following apply: ATA Carnet, Temporary Admission requiring a non-electronic declaration, Transfer of Residence, Goods acquired by inheritance, Other' and 'Check this box if Transfer of Business applies'.
- My Vehicle is empty:** A link to 'I need help'.
- Create PBN:** A blue button to submit the form.
- Disclaimer:** A paragraph at the bottom stating that the PBN status is based on the accuracy and completeness of the data provided.

Invalid MRN format

Where the MRN number is not in the correct format the following message of “**Invalid MRN format**” will be returned.
