

ICC 1 Incapacitated Child Tax Credit Claim Form 1

To qualify for this credit, you must have a medical practitioner sign the ICC 2 - Incapacitated Child Claim Form 2 and submit it with this Form. In order to avail of this tax credit, the child must be permanently incapacitated by reason of mental or physical infirmity. The degree of incapacity must be such that it prevents the child from maintaining themselves over the age of 18. If the child is under 18, the incapacity must be such that even with the benefit of any treatment, device, medication or therapy the child is unlikely to be able to maintain themselves when they reach 18.

NOTE: "Maintaining", for the purposes of this credit means an ability to support oneself by earning an income from working.

Further information is available on www.revenue.ie

The easiest and quickest way to claim this tax credit for PAYE customers is to use Revenue's PAYE Services on www.revenue.ie. If you pay tax under the self-assessment system, this relief is claimed by completing the 'Incapacitated Child' section on your annual tax return.
