Notes to Completion of Form RR1

¹ A detailed guide is available on www.revenue.ie [Self-assessment and self-employment>A guide to self-assessment>High Income Earner Restriction]. The limitation on use of reliefs will apply to an individual for 2021 if

- the individual's Adjusted Income for the year is equal to or greater than the Income Threshold Amount (normally €125,000 but less when there is ring-fenced income involved)
- the Aggregate of the Specified Reliefs used by the individual for the year is equal to or greater than the Relief Threshold Amount of €80,000, and
- the Aggregate of the Specified Reliefs used by the individual exceeds 20 per cent of the individual's Adjusted Income for the year

For these purposes, in the case of married couples or civil partners who are assessed jointly, each individual's liability to the limitation is to be determined separately

² In the case of married couples or civil partners

- assessed as single persons, where the limitation applies to both spouses or civil partners, each spouse or civil partner should use a separate form
- assessed under joint assessment or separate assessment, where the limitation applies to both spouses or civil partners, then both spouses or civil partners should use the same form. If the limitation only applies to one spouse or civil partner, then the spouse or civil partner subject to the limitation should complete the form but Line A1 must show the joint taxable income of both spouses or civil partners and Line A2 must show the respective taxable income of each spouse or civil partner

³ Adjusted Income (as defined in Section 485C TCA 1997) is the amount determined by the formula: **(T + S) - R**

T is the amount of an individual's taxable income for a tax year determined on the basis that Chapter 2A of Part 15 TCA 1997, other than Section 485F, does not apply to the individual for the year and, in the case of married couples or civil partners assessed under joint assessment or separate assessment, determined on the basis that the taxable income of each spouse or civil partner is calculated separately in accordance with the provisions of Section 485FA TCA 1997

S is the Aggregate of the Specified Reliefs used by the individual for the tax year (**see Panel G**)

R is the amount of the individual's ring-fenced income, if any, for the tax year (**see Panel F**)

⁴ The amount to be included in this box is the joint taxable income of both spouses or civil partners calculated on the basis that the limitation on use of reliefs does not apply to either spouse or civil partner for the year 2021. However, any excess relief under Section 485F coming forward from 2020 (and / or from previous years) should be taken into account in calculating taxable income. Income which is not reckoned in computing total income should not be taken into account in calculating taxable income

⁵ In the case of jointly assessed married couples or civil partners, the provisions of Section 485FA TCA 1997 require that the taxable income of each spouse or civil partner be determined separately. **NB:** The separate taxable income of **each** spouse or civil partner must be inserted at Line A2 (and at Line 602 of Panel J of Form 11) even if the limitation applies to only one spouse or civil partner. Income which is not reckoned in computing total income should not be taken into account in calculating taxable income

⁶ The amount of a Specified Relief used in 2021 is, in the case of an allowance, deduction, repayment or other relief, that part of the overall amount of the relief which was used by the individual in the year 2021 and is, in the case of an exemption, the amount of exempt income arising to the individual for the year 2021 determined under the normal income tax rules for computing the amount of profits, gains or income to be charged to tax. In the case of married couples or civil partners, the amount of Specified Reliefs used by an individual should include the amount of any relief used by the individual which originated with his or her spouse or civil partner but was not used by the spouse or civil partner because of insufficient income, etc

⁷ The Income Threshold Amount for 2021 is €125,000 where there is no ring-fenced income. Where there is ring-fenced income involved, use the formula in Line B2 to compute the Income Threshold Amount for 2021

⁸ An individual's Recalculated Taxable Income is the amount given by the formula **T + (S - Y)**

T is the amount of an individual's taxable income for a tax year determined on the basis that Chapter 2A of Part 15 TCA 1997, other than Section 485F, does not apply to the individual for the year and, in the case of married couples or civil partners assessed under joint assessment or separate assessment, determined on the basis that the taxable income of each spouse or civil partner is calculated separately in accordance with the provisions of Section 485FA TCA 1997

S is the Aggregate of the Specified Reliefs used by the individual for the tax year (**see Panel G**)

Y is either the Relief Threshold Amount of €80,000 or, if greater, 20 per cent of the individual's Adjusted Income (**see Panel C**)

⁹ In the case of jointly assessed couples or civil partners, where the restriction applies to only one spouse or partner, enter the original taxable income (if any) of the other spouse or partner in the space relating to that spouse or partner at Line 603 on the Form 11

¹⁰ This is your estimate of tax that should be assessed and is the amount of tax calculated by applying the relevant tax rates and bands to the Recalculated Taxable Income figure

Further details may be obtained by consulting the relevant legislation.
