

**SYNTHESISED TEXT OF THE MLI AND THE CONVENTION
BETWEEN THE GOVERNMENT OF IRELAND AND
THE GOVERNMENT OF UKRAINE FOR THE AVOIDANCE OF DOUBLE
TAXATION AND THE PREVENTION OF FISCAL EVASION
WITH RESPECT TO TAXES ON INCOME AND CAPITAL GAINS**

General disclaimer on the Synthesised text document

This document presents the synthesised text for the application of the Convention between the Government of Ireland and the Government of Ukraine for the Avoidance of Double Taxation and the Prevention of Fiscal Evasion with respect to Taxes on Income and Capital Gains signed on 19 April 2013 (the “Convention”) as modified by the Multilateral Convention to Implement Tax Treaty Related Measures to Prevent Base Erosion and Profit Shifting signed by Ireland on 7 June 2017 and by Ukraine on 23 July 2018 (the “MLI”).

This document was prepared in consultation with the competent authority of Ukraine and represents our shared understanding of the modifications made to the Convention by the MLI.

This was prepared on the basis of the MLI position of Ireland submitted to the Depositary upon ratification on 29 January 2019 and of the MLI position of Ukraine submitted to the Depositary upon ratification on 8 August 2019. These MLI positions are subject to modifications as provided in the MLI. Modifications made to MLI positions could modify the effects of the MLI on the Convention.

The authentic legal texts of the Convention and the MLI take precedence and remain the legal texts applicable.

The provisions of the MLI that are applicable with respect to the provisions of the Convention are included in boxes throughout the text of this document in the context of the relevant provisions of the Convention. The boxes containing the provisions of the MLI have generally been inserted in accordance with the ordering of the provisions of the 2017 OECD Model Tax Convention.

Changes to the text of the provisions of the MLI have been made to conform the terminology used in the MLI to the terminology used in the Convention (such as “Covered Tax Agreement” and “Convention”, “Contracting Jurisdictions” and “Contracting States”), to ease the comprehension of the provisions of the MLI. The changes in terminology are intended to increase the readability of the document and are not intended to change the substance of the provisions of the MLI. Similarly, changes have been made to parts of provisions of the MLI that describe existing provisions of the Convention: descriptive language has been replaced by legal references of the existing provisions to ease the readability.

In all cases, references made to the provisions of the/this Convention or to the/this Convention must be understood as referring to the Convention as modified by the provisions of the MLI, provided such provisions of the MLI have taken effect.

Disclaimer on the entry into effect of the provisions of the MLI

The provisions of the MLI applicable to the Convention do not take effect on the same dates as the original provisions of the Convention. Each of the provisions of the MLI could take effect on different dates, depending on the types of taxes involved (taxes withheld at source or other taxes levied) and the choices made by Ireland and Ukraine in their MLI positions.

Dates of the deposit of instruments of ratification, acceptance or approval: 29 January 2019 for Ireland and 8 August 2019 for Ukraine.

Entry into force of the MLI: 1 May 2019 for Ireland and 1 December 2019 for Ukraine.

The provisions of the MLI (except for Article 16 (Mutual Agreement Procedure) have effect with respect to this Convention:

- In Ireland and Ukraine with respect to taxes withheld at source on amounts paid or credited to non-residents, where the event giving rise to such taxes occurs on or after 1 January 2020;
- In Ireland and Ukraine with respect to all other taxes levied by each Contracting State with respect to taxable periods beginning on or after 1 June 2020.

Article 16 (Mutual Agreement Procedure) of the MLI has effect with respect to this Convention for a case presented to the competent authority of a Contracting State on or after 1 June 2020, except for cases that were not eligible to be presented as of that date under the Convention prior to its modification by the MLI, without regard to the taxable period to which the case relates.

**CONVENTION BETWEEN THE
GOVERNMENT OF IRELAND AND THE GOVERNMENT OF UKRAINE
FOR THE AVOIDANCE OF DOUBLE TAXATION AND THE PREVENTION OF
FISCAL EVASION WITH RESPECT TO TAXES ON INCOME AND CAPITAL
GAINS**

The Government of Ireland and the Government of Ukraine,

[REPLACED BY paragraphs 1 and 3 of Article 6 of the MLI] ~~{desiring to conclude a Convention for the avoidance of double taxation and the prevention of fiscal evasion with respect to taxes on income and capital gains,}~~

The following paragraph 1 and paragraph 3 of Article 6 of the MLI replace the text referring to an intent to eliminate double taxation in the preamble of this Convention:

ARTICLE 6 OF THE MLI – PURPOSE OF A COVERED TAX AGREEMENT

Desiring to further develop their economic relationship and to enhance their co-operation in tax matters,

Intending to eliminate double taxation with respect to the taxes covered by this Convention without creating opportunities for non-taxation or reduced taxation through tax evasion or avoidance (including through treaty-shopping arrangements aimed at obtaining reliefs provided in this Convention for the indirect benefit of residents of third jurisdictions),

have agreed as follows:

**ARTICLE 1
PERSONAL SCOPE**

This Convention shall apply to persons who are residents of one or both of the Contracting States.

**ARTICLE 2
TAXES COVERED**

1. This Convention shall apply to taxes on income and capital gains imposed on behalf of a Contracting State or of its political subdivisions or local authorities, irrespective of the manner in which they are levied.

2. There shall be regarded as taxes on income and capital gains all taxes imposed on total income, or on elements of income including taxes on gains from the alienation of movable or immovable property.

3. The existing taxes to which the Convention shall apply are:

a) in the case of Ireland:

(i) the income tax;

(ii) the universal social charge on income;

(iii) the corporation tax; and

(iv) the capital gains tax;

(hereinafter referred to as "Irish tax");

b) in the case of Ukraine:

(i) the tax on profits of enterprises; and

(ii) the income tax on individuals;

(hereinafter referred to as "Ukrainian tax").

4. The Convention shall apply also to any identical or substantially similar taxes which are imposed after the date of signature of this Convention in addition to, or in place of, the existing taxes. The competent authorities of the Contracting States shall notify each other of any substantial changes which have been made in their respective taxation laws.

ARTICLE 3 GENERAL DEFINITIONS

1. For the purposes of this Convention, unless the context otherwise requires:

(i) any individual possessing the nationality or citizenship of that Contracting State;

and

(ii) any legal person, partnership or association deriving its status as such from the laws in force in that Contracting State;

2. As regards the application of the Convention by a Contracting State any term not defined therein shall, unless the context otherwise requires, have the meaning which it has at that time under the laws of that State concerning the taxes to which the Convention applies.

ARTICLE 4 RESIDENT

1. For the purposes of this Convention, the term "resident of a Contracting State" means any person who, under the laws of that State, is liable to tax therein by reason of his domicile, residence, place of management, place of registration or any other criterion of a similar nature, and also includes that State and any political subdivision or local authority thereof. This term, however, does not include any person who is liable to tax in that State in respect only of income from sources in that State.

2. Where by reason of the provisions of paragraph 1 of this Article an individual is a resident of both Contracting States, then his status shall be determined as follows:

a) he shall be deemed to be a resident only of the Contracting State in which he has a permanent home available to him; if he has a permanent home available to him in both Contracting States, he shall be deemed to be a resident only of the Contracting State with which his personal and economic relations are closer (centre of vital interests);

b) if the Contracting State in which he has his centre of vital interests cannot be determined, or if he has not a permanent home available to him in either Contracting State, he shall be deemed to be a resident only of the Contracting State in which he has an habitual abode;

c) if he has an habitual abode in both Contracting States or in neither of them, he shall be deemed to be a resident only of the Contracting State of which he is a national;

d) if he is a national of both Contracting States or of neither of them, the competent authorities of the Contracting States shall settle the question by mutual agreement.

3. Where by reason of the provisions of paragraph 1 of this Article a person other than an individual is a resident of both Contracting States, then it shall be deemed to be a resident only of the Contracting State in which its place of effective management is situated.

ARTICLE 5

PERMANENT ESTABLISHMENT

1. For the purposes of this Convention, the term "permanent establishment" means a fixed place of business through which the business of an enterprise is wholly or partly carried on.

2. The term "permanent establishment" includes especially:

- a) a place of management;
- b) a branch;
- c) an office;
- d) a factory;
- e) a workshop;
- f) an installation or structure for the exploration of natural resources;
- g) a mine, an oil or gas well, a quarry or any other place of extraction of natural resources; and
- h) a warehouse or other premises used as a sales outlet.

3. *A building site or construction or installation project constitutes a permanent establishment only if it lasts more than twelve months.*

The following paragraph 1 of Article 14 of the MLI applies and supersedes paragraph 3 of Article 5 of this Convention:

ARTICLE 14 OF THE MLI – SPLITTING-UP OF CONTRACTS

For the sole purpose of determining whether the twelve month period referred to in *paragraph 3 of Article 5 of this Convention* has been exceeded:

a) where an enterprise of a Contracting State carries on activities in the other Contracting State at a place that constitutes a building site or construction or installation project, and these activities are carried on during one or more periods of time that, in the aggregate, exceed 30 days without exceeding twelve months; and

b) where connected activities are carried on in that other Contracting State at the same building site or construction or installation project during different periods of time, each exceeding 30 days, by one or more enterprises closely related to the first-mentioned enterprise,

these different periods of time shall be added to the aggregate period of time during which the first-mentioned enterprise has carried on activities at that building site or construction or installation project.

4. A person carrying out activities offshore in a Contracting State in connection with the exploration or exploitation of the sea bed and the sub-soil and their natural resources situated in that Contracting State shall be deemed to be carrying on a business through a permanent establishment in that Contracting State.

5. *Notwithstanding the preceding provisions of this Article, the term "permanent establishment" shall be deemed not to include:*

a) the use of facilities solely for the purpose of storage, display or delivery of goods or merchandise belonging to the enterprise;

b) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage, display or delivery;

c) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of processing by another enterprise;

d) the maintenance of a fixed place of business solely for the purpose of purchasing goods or merchandise, or of collecting information, for the enterprise;

e) the maintenance of a fixed place of business solely for the purpose of carrying on, for the enterprise, any other activity of a preparatory or auxiliary character;

f) the maintenance of a fixed place of business solely for any combination of activities mentioned in sub-paragraphs a) to e), provided that the overall activity of the fixed place of business resulting from this combination is of a preparatory or auxiliary character.

The following paragraph 4 of Article 13 of the MLI applies to paragraph 5 of Article 5 of this Convention:

ARTICLE 13 OF THE MLI – ARTIFICIAL AVOIDANCE OF PERMANENT ESTABLISHMENT STATUS THROUGH THE SPECIFIC ACTIVITY EXEMPTIONS

Paragraph 5 of Article 5 of this Convention shall not apply to a fixed place of business that is used or maintained by an enterprise if the same enterprise or a closely related enterprise carries on business activities at the same place or at another place in the same Contracting State and:

a) that place or other place constitutes a permanent establishment for the enterprise or the closely related enterprise under the provisions of Article 5 of this Convention; or

b) the overall activity resulting from the combination of the activities carried on by the two enterprises at the same place, or by the same enterprise or closely related enterprises at the two places, is not of a preparatory or auxiliary character,

provided that the business activities carried on by the two enterprises at the same place, or by the same enterprise or closely related enterprises at the two places, constitute complementary functions that are part of a cohesive business operation.

6. Notwithstanding the provisions of paragraphs 1 and 2 of this Article, where a person — other than an agent of an independent status to whom paragraph 7 applies — is acting in a Contracting State on behalf of an enterprise of the other Contracting State, that enterprise shall be deemed to have a permanent establishment in the first-mentioned Contracting State in respect of the activities which that person undertakes for the enterprise, if such a person:

(a) has and habitually exercises in that State an authority to conclude contracts in the name of the enterprise, unless such activities are limited to those mentioned in paragraph 5 of this Article which, if exercised through a fixed place of business, would not make this fixed place of business a permanent establishment under the provisions of that paragraph; or

(b) has no such authority, but habitually maintains in the first-mentioned State a stock of goods or merchandise from which he regularly delivers goods or merchandise on behalf of the enterprise and conducts sales-related activities in respect of them, such as advertising or promotional activities.

7. An enterprise shall not be deemed to have a permanent establishment in a Contracting State merely because it carries on business in that State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business.

8. The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

The following paragraph 1 of Article 15 of the MLI applies to this Convention:

ARTICLE 15 OF THE MLI – DEFINITION OF A PERSON CLOSELY RELATED TO AN ENTERPRISE

For the purposes of *Article 5 of this Convention*, a person is closely related to an enterprise if, based on all the relevant facts and circumstances, one has control of the other or both are under the control of the same persons or enterprises. In any case, a person shall be considered to be closely related to an enterprise if one possesses directly or indirectly more than 50 per cent of the beneficial interest in the other (or, in the case of a company, more than 50 per cent of the aggregate vote and value of the company's shares or of the beneficial equity interest in the company) or if another person possesses directly or indirectly more than 50 per cent of the beneficial interest (or, in the case of a company, more than 50 per cent of the aggregate vote and value of the company's shares or of the beneficial equity interest in the company) in the person and the enterprise.

ARTICLE 6

INCOME FROM IMMOVABLE PROPERTY

1. Income derived by a resident of a Contracting State from immovable property (including income from agriculture or forestry) situated in the other Contracting State may be taxed in that other State.
2. The term "immovable property" shall have the meaning which it has under the law of the Contracting State in which the property in question is situated. The term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, usufruct of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources. Ships, boats and aircraft shall not be regarded as immovable property.
3. The provisions of paragraph 1 of this Article shall apply to income derived from the direct use, letting or use in any other form of immovable property.
4. The provisions of paragraphs 1 and 3 of this Article shall also apply to the income from immovable property of an enterprise and to income from immovable property used for the performance of independent personal services.

ARTICLE 7

BUSINESS PROFITS

1. The profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other State but only so much of them as is attributable to that permanent establishment.
2. Subject to the provisions of paragraph 3 of this Article, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.
3. In determining the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the permanent establishment, including executive and general administrative expenses so incurred, whether in the State in which the permanent establishment is situated or elsewhere.
4. Insofar as it has been customary in a Contracting State to determine the profits to be attributed to a permanent establishment on the basis of an apportionment of the total profits of the enterprise to its various parts, nothing in paragraph 2 of this Article shall preclude that Contracting State from determining the profits to be taxed by such an apportionment as may be customary; the method of apportionment adopted shall, however, be such that the result shall be in accordance with the principles contained in this Article.

5. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.

6. For the purposes of the preceding paragraphs of this Article, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.

7. Where profits include items of income or gains which are dealt with separately in other Articles of this Convention, then the provisions of those Articles shall not be affected by the provisions of this Article.

ARTICLE 8

INTERNATIONAL TRANSPORT

1. Profits of an enterprise of a Contracting State from the operation of ships or aircraft in international traffic shall be taxable only in that State.

2. For the purposes of this Article, profits derived from the operation of ships or aircraft in international traffic include profits derived from the rental of ships or aircraft if such ships or aircraft are operated in international traffic or if such rental profits are incidental to other profits described in paragraph 1 of this Article.

3. The provisions of paragraph 1 of this Article shall also apply to profits from participation in a pool, a joint business or an international operating agency.

ARTICLE 9

ASSOCIATED ENTERPRISES

1. Where:

a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State; or

b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State,

and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included by a Contracting State in the profits of that enterprise and taxed accordingly.

2. Where a Contracting State includes in the profits of an enterprise of that State — and taxes accordingly — profits on which an enterprise of the other Contracting State has been charged to tax in that other State and the profits so included are profits which would have accrued to the enterprise of the first-mentioned State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other State shall make an appropriate adjustment to the amount of the tax charged therein on

those profits. In determining such adjustment, due regard shall be had to the other provisions of this Convention and the competent authorities of the Contracting States shall if necessary consult each other.

ARTICLE 10 DIVIDENDS

1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other State.

2. However, such dividends may also be taxed in the Contracting State of which the company paying the dividends is a resident and according to the laws of that State, but if the beneficial owner of the dividends is a resident of the other Contracting State, the tax so charged shall not exceed:

- a) 5 per cent of the gross amount of the dividends if the beneficial owner is a company (other than a partnership) which holds directly at least 25 per cent of the capital of the company paying the dividends;
- b) 15 per cent of the gross amount of the dividends in all other cases.

The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of these limitations.

This paragraph shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.

3. The term "dividends" as used in this Article means income from shares or other rights, not being debt-claims, as well as any income or distribution assimilated to income from shares under the taxation laws of the Contracting State of which the company paying the dividends or income or making the distribution is a resident.

4. The provisions of paragraphs 1 and 2 of this Article shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14 of this Convention, as the case may be, shall apply.

5. Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment or a fixed base situated in that other State, nor subject the company's undistributed profits to a tax on the company's undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other State.

ARTICLE 11

INTEREST

1. Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, such interest may also be taxed in the Contracting State in which it arises and according to the laws of that State, but if the beneficial owner of the interest is a resident of the other Contracting State, the tax so charged shall not exceed 10 per cent of the gross amount of the interest.

3. Notwithstanding the provisions of paragraph 2 of this Article, any such interest as is mentioned in paragraph 1 of this Article shall be taxable at 5 per cent of the gross amount of the interest in the case of interest arising in a Contracting State and paid:

i) in connection with the sale on credit of industrial, commercial or scientific equipment;

ii) on any loan granted by a bank.

The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of this limitation.

4. The term "interest" as used in this Article means income from debt-claims of every kind, whether or not secured by mortgage and whether or not carrying a right to participate in the debtors profits, and in particular, income from government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures as well as all other income assimilated to income from money lent by the laws of the State in which income arises but does not include any income which is treated as a dividend under Article 10.

5. The provisions of paragraphs 1, 2 and 3 of this Article shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the debt-claim in respect of which the interest is paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14 of this Convention, as the case may be, shall apply.

6. Interest shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the interest, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment or fixed base, then such interest shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

7. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this

Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

8. Notwithstanding the provisions of paragraph 2 of this Article, interest arising in a Contracting State shall be exempt from tax in that State if—

a) the beneficial owner of the interest is the Government of the other Contracting State, or any agency thereof authorised as such by the Government of that other Contracting State, or

b) such interest is paid—

i) in respect of any loan made, guaranteed or insured, or

ii) in respect of any debt claim of whatever kind guaranteed, insured or directly or indirectly financed

by, or on behalf of, the Government of either Contracting State or any agency thereof authorised as such by the Government of the Contracting State.

ARTICLE 12 ROYALTIES

1. Royalties arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. The term "royalties" as used in this Article means payments of any kind received as a consideration for the use of, or the right to use, any copyright of literary, artistic or scientific work including cinematograph films, any patent, trade mark, secret formula or process, or for information concerning industrial, commercial or scientific experience.

3. However, such royalties may also be taxed in the Contracting State in which they arise and in accordance with the laws of that Contracting State, but if the beneficial owner of the royalties is the resident of the other Contracting State, the tax so charged shall not exceed 10 per cent of the gross amount of the royalties. The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of this limitation.

4. Notwithstanding the provisions of paragraph 3 of this Article, in the case of payment of royalties in respect of any copyright of scientific work, any patent, trade mark, secret formula, process or information concerning industrial, commercial or scientific experience the tax charged shall not exceed 5 per cent of the gross amount of the royalties. The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of this limitation.

5. The provisions of paragraphs 1, 3 and 4 of this Article shall not apply if the beneficial owner of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the right or property in respect of which the royalties are paid is

effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14 of this Convention, as the case may be, shall apply.

6. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties, having regard to the use, right or information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

7. Royalties shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the royalties, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the obligation to pay the royalties are paid was incurred, and such royalties are borne by such permanent establishment or fixed base, then such royalties shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

ARTICLE 13 CAPITAL GAINS

1. Gains derived by a resident of a Contracting State from the alienation of immovable property referred to in Article 6 of this Convention and situated in the other Contracting State may be taxed in that other State.

2. **[REPLACED by paragraph 4 of Article 9 of the MLI]** ~~[Gains derived by a resident of a Contracting State from the alienation of:~~

~~a) shares, other than shares quoted on a recognised stock exchange, deriving their value or the greater part of their value directly or indirectly from immovable property situated in the other Contracting State, or~~

~~b) an interest in a partnership or in a trust, or any other body the assets of which consist principally of immovable property situated in the other Contracting State, or of shares referred to in sub-paragraph a) above, may be taxed in that other State.]~~

The following paragraph 4 of Article 9 of the MLI replaces paragraph 2 of Article 13 of this Convention:

ARTICLE 9 OF THE MLI – CAPITAL GAINS FROM ALIENATION OF SHARES OR INTERESTS OF ENTITIES DERIVING THEIR VALUE PRINCIPALLY FROM IMMOVABLE PROPERTY

For the purposes of this Convention, gains derived by a resident of a Contracting State from the alienation of shares or comparable interests, such as interests in a partnership or trust, may be taxed in the other Contracting State if, at any time during the 365 days preceding the alienation, these shares or comparable interests derived more than 50 per cent of their value directly or indirectly from immovable property (real property) situated in that other Contracting State.

3. Gains derived by a resident of a Contracting State from the alienation of stock, participation, or other rights in the capital of a company which is a resident of the other Contracting State may be taxed in that other Contracting State if the recipient of the gains, during the twelve month period preceding such alienation, held a participation, directly or indirectly, of at least 25 per cent of the capital of that company. The provisions of this paragraph shall not apply where such a gain has been derived as a consequence of a reorganisation, merger or division of companies or similar transaction.

4. Gains from the alienation of movable property forming part of the business property of a permanent establishment which an enterprise of a Contracting State has in the other Contracting State or of movable property pertaining to a fixed base available to a resident of a Contracting State in the other Contracting State for the purpose of performing independent personal services, including such gains from the alienation of such a permanent establishment (alone or with the whole enterprise) or of such fixed base, may be taxed in that other State.

5. Gains from the alienation of ships or aircraft operated in international traffic by an enterprise of a Contracting State or movable property pertaining to the operation of such ships or aircraft, shall be taxable only in that Contracting State.

6. Gains from the alienation of any property other than that referred to in the preceding paragraphs of this Article shall be taxable only in the Contracting State of which the alienator is a resident.

7.
