EXPLANATORY NOTE

(This note is not part of the Instrument and does not purport to be a legal interpretation).

This order appoints 1 January 2015 as the date of coming into effect of the provisions of section 66(1) of the Finance (No. 2) Act 2013, which provides for changes to the Value-Added Tax Consolidation Act 2010 in relation to the VAT treatment of horses and greyhounds.

Section 66(1) provides that the second reduced VAT rate, currently 9 per cent, will apply to supplies of horses not intended for use in the preparation of foodstuffs or in agricultural production, to the supply of live greyhounds and to the hire of horses. These supplies had formerly been chargeable to VAT at the 4.8 per cent super-reduced VAT rate. However, the 4.8 per cent VAT rate will continue to apply to livestock in general including supplies of horses intended for use in the preparation of foodstuffs or in agricultural production.

Section 66(1) also provides that the reduced VAT rate, currently 13.5 per cent, will apply to the supply of all insemination services, including ‘no foal, no fee’ insemination services. This means that insemination services for all animals will apply at the reduced rate of 13.5 per cent. Furthermore, the reduced rate will also apply to supplies of livestock and horse semen.
