1 Introduction

Revenue provides online payment facilities via myAccount and ROS for a wide range of taxes (including interest and penalties). Online payment channels provide a quicker, more secure, and cheaper facility for taxpayers to pay their taxes and access their payments history and tax details at any stage. The majority of taxpayers use Revenue's electronic channels.

2 Online Enhancement for VRT

Since September 2020, an online payment facility for VRT has been available on ROS and My Account. This allows customers with an existing VRT registration to make VRT payments via ROS or MyAccount. Where a customer is not registered for VRT and wishes to make a VRT payment, the customer is automatically registered for VRT. An agent who is linked to a customer will also be able to make VRT payments on their behalf via ROS.

Online payments can be made via Debit card, Credit card, or Single Debit Instruction (customer instruction to Revenue to deduct the payment from a nominated bank account). The card payment facility is only available to customers whose tax affairs are managed by Revenue's Personal and Business Divisions.

From 1 October 2023, Revenue ceased accepting payment from Commercial Credit Cards. From 1 September 2025, Revenue no longer accepts payment from Commercial Debit Cards. A warning message will be displayed if a card type that is no longer accepted is entered. Please contact your card provider if you are unsure of your card type.

3 Benefits of the Enhancement

In addition to providing a quicker, more secure, and cheaper payment facility, the key benefits of using online payments for VRT customers are as follows:

- Instant credit applied to the customer account, eliminating the need for follow up contact to the relevant local office to apply credit.
- Auto registration for customers who wish to use the online payments facility and who have no previous VRT registration.
- Customers can view their payments history at any stage listing all payments made by date, payment type and amount.
- Traders who have a registration for VRT under a Trader Account Number (TAN) in addition to a customer registration number, now have the option to use the TAN or the customer registration number (including a ceased registration number) on the payment screen. This ensures the payment is allocated to the correct registration number.

4 Making a VRT online payment - ROS customers

Login into [ROS](#) to make an online payment as follows:

1. Go to the **My Services** page on the ROS home page
2. Go to the **Payments & Refunds** section for Submit a Payment
3. Select payment type **Tax Payment/Declaration**
4. Select **VRT** from the drop-down menu of Tax Types
5. Click **Make Payment**.

The screenshot shows the 'MY SERVICES' page with a navigation bar containing 'MY SERVICES', 'REVENUE RECORD', 'PROFILE', 'WORK IN PROGRESS', and 'ADMIN SERVICES'. A 'Tax Clearance Issued.' notification is in the top right. The 'My Frequently Used Services' section includes a search bar and an 'Add a service' button. Below this is the 'Employer Services' section with links for 'Request RPNs', 'Submit payroll', 'View payroll', 'Statement of Account', 'View Latest Statement/Return', and 'TWSS Reconciliation'. The 'File a Return' section has links for 'Complete a Form Online' and 'Upload Form(s) Completed Offline'. The 'Payments & Refunds' section is expanded, showing the 'Submit a Payment' form. The form includes a message: 'You can choose to make a payment or declaration against a registered tax by selecting a payment type from the below drop-down list.' It features two dropdown menus: the first is set to 'Tax Payment/Declaration' and the second is set to 'VRT'. A 'Make Payment' button is to the right of the second dropdown. At the bottom of the 'Payments & Refunds' section is a link for 'Manage Bank Accounts'.
