Authorised Economic Operator (AEO) Self-Assessment Questionnaire

Document last reviewed December 2024

The information in this document is provided as a guide only and is not professional advice, including legal advice. It should not be assumed that the guidance is comprehensive or that it provides a definitive answer in every case. This self-assessment questionnaire is designed to help you ensure that you are confident your business can meet the relevant qualifying conditions and criteria before you submit an application for an AEO certificate. This is a Community-wide questionnaire and is used in all 27 Member States. Notes for completion of this questionnaire are available at <u>EU notes</u>.

You should not submit an application for AEO status until all of your relevant procedures are documented and available for inspection. In this regard you should create a tabulated folder of your procedures cross-referencing it with the relevant questions in this self-assessment questionnaire. It may be the case that some of your responses will simply be cross-references to sections in your procedures.

As well as studying the accompanying explanatory notes in advance of completing this self-assessment questionnaire we also recommend that you familiarise yourself with the EU AEO Guidelines at EU Guidelines. Please note, the references (in italics) under headings in Sections 1 to 5 in the questionnaire, are taken directly from the EU Guidelines.

When you have completed this self-assessment questionnaire and compiled your documentation you should submit the application form to the AEO section in Customs Division in Nenagh. The application form is available <u>online</u>. The self-assessment questionnaire and documentation should also be submitted at this stage. Your local Revenue official will visit your premises to verify the information in your questionnaire and to conduct a physical inspection.

If you have any questions or queries on the process or on this questionnaire you can contact your local Revenue official or contact the central AEO Section in Nenagh – contact details below.

Summary of Application Procedure

1. Familiarise yourself with the EU AEO Guidelines.

2. Complete the AEO self-assessment questionnaire, create a tabulated folder of your relevant document procedures and retain it in your premises.

3. Complete the application form, compile the accompanying annexes and submit to the AEO section in Nenagh along with the self-assessment questionnaire.

4. Following acceptance of your application you will be contacted by your local Revenue official who will request your documented procedures.

5. Your local Revenue official will visit you to review your procedures and conduct a physical examination of your premises.

Applicants should note that an application will automatically be rejected before examination of any other criteria if:

- the applicant has been convicted of a serious criminal offence linked to the economic activity of the applicant or is subject to bankruptcy proceedings;
- if the applicant has a legal representative in customs matters who has been convicted of a serious criminal offence related to an infringement

of customs rules and linked to his activity as legal representative

• if the application is submitted within three years of the revocation of an AEO certificate.

The conditions and criteria for AEO authorisation will apply to all businesses regardless of their size. However, the means to achieve compliance may vary and be in direct relation to the size and complexity of the business and the type of goods handled.

The five main blocks of qualifying criteria are as follows:

Customs Compliance	Section 2	
Accounting and Logistical System	Section 3	
Financial Solvency	Section 4	
Practical standards of competence	Section 5	
Safety and Security	Section 6	

There are three types of AEO certificates and these are outlined in section 1 of the EU guidelines. While applicants are free to choose whichever type of certificate best suits their business, Revenue is recommending that if you can meet the qualifying criteria you should apply for the full AEO Simplifications/Security and Safety Certificate. This type of certificate entitles the holder to all of the benefits of being an AEO and will have a wider international standing.

Any person who is aggrieved by a written decision by the Revenue Commissioners or a Revenue official in relation to a customs matter covered by EU customs legislation may appeal such decision (Appeals process is available <u>online</u>)
