## 1. Introduction

This manual outlines the process for approval of VAT Registration applications received through either the Revenue Online Services/e-Registration channel or the paper registration (TR) form.

Additional information concerning the operation of the VAT system and the eligibility criteria for VAT applicants may be accessed on the [Revenue website](#).

All references to legislation refer to the VAT Consolidation Act 2010 unless otherwise specified.

## 2. Importance of Appraising VAT Applications

The main priority when appraising a VAT application is to establish that the proposed registration relates to a business or individual who is, or who will become, an accountable person. An accountable person is a person who is required to charge VAT on supplies of taxable goods or services in the State and who is, or is required to be, registered for VAT. The legal requirements are set out in section 65 of the VAT Consolidation Act 2010, and Article 19 of the VAT Regulation 2010.

VAT registration is a high risk area for Revenue because of the potential for bogus traders to register for the purpose of obtaining VAT-free goods in any EU State, or to falsely obtain VAT refunds. It is essential that effective screening takes place to ensure that only legitimate applications result in the issue of a VAT registration number. In any application where there is a doubt as to whether a genuine business exists, a visit should be made by a Revenue caseworker prior to granting a VAT registration number.

The following material is either exempt from or not required to be published under the Freedom of Information Act 2014.

[...]

See Part 4 for information on the potential risks associated with VAT registration applications.

### 3. Application for Registration

An application for VAT registration should be submitted online. There are a small number of applicant categories who currently cannot avail of eRegistration and may submit a paper application form. These are outlined at 3.3 below.

#### 3.1 Two-tier VAT registration

From June 15<sup>th</sup> 2019, customers applying for a VAT registration must specify whether they wish to apply for 'domestic-only' or 'intra-EU' status.

Customers not undertaking any intra-EU trade should apply for 'domestic-only' status.

Customers intending to trade with businesses elsewhere in the EU should apply for 'Intra-EU' status, which will enable them to make intra-Community acquisitions. Having an 'Intra-EU' status will also cause the customer to be registered automatically for VIES reporting obligations.

(Customers are obliged to make a VIES return when they make a zero-rated supply to a trader in another EU member state.)

Customers applying for 'intra-EU' status will be required to provide additional details on their application forms, including information related to transport arrangements, the nature of supplies and acquisitions, and due diligence measures undertaken to establish the bona fides of customers and suppliers. Customers with a 'domestic-only' status may at any time apply for 'intra-EU' status, at which point they will be asked to provide these same details.

Customers with live VAT registrations granted prior to the introduction of Two-Tier Registration will be treated as having 'intra-EU' status. There is no need for such customers to contact Revenue.

The following material is either exempt from or not required to be published under the Freedom of Information Act 2014.

#### 3.2 Online applications

The Revenue Online Service (ROS) eRegistration service, introduced in 2009, enables customers and agents to register, de-register and manage Agent-Client Links (register new links or cancel existing links) across a range of tax heads including VAT.

Figure 3: eRegistration VAT Registration – Intra Community Activity Information screen

The Tax and Duty Manual on '[How to protect your business from becoming involved in VAT fraud](#)' provides guidance on how to conduct appropriate due diligence, including a (non-exhaustive) list of specific checks that can be carried out. Customers should consult this document in determining the checks appropriate for their circumstances. In filling out their 'intra-EU' VAT application, customers should briefly list the checks which they conduct (or propose to conduct) in assessing their trading partners.

For the question on transport arrangements for supplies outside the state, applicants should provide (where known) the names of transport operators to be used and indicate who engages (or will engage) the transport operator. For the question on proving that goods leave the State, applicants should briefly outline how they propose to establish that goods were delivered to the invoiced purchaser (e.g., checking and retaining Goods Received Notes, retaining evidence of payment to transport operator, etc.).

### 3.3 Paper applications

Applicants in the following categories cannot access the eRegistration service and should continue to submit paper applications:

- Individuals currently not eligible to register for myAccount
- Non-assessable spouses
- Companies that have no Irish-resident directors
- Unincorporated Bodies and Non-Profit Organisations e.g. Schools, Boards of Management, Charities, who are not represented by an Agent
- Executors
- Collection Agents.

Paper applications received from applicants outside the above categories should be returned to the taxpayer / agent with a request that the application be submitted online.

Where an agent applies to register a customer for VAT, the agent will be automatically linked on Revenue's records to the client for this tax type. The agent will be required to upload a letter of authorisation, signed by the customer, before the registration can be completed. The client, individual or business concerned is notified directly by Revenue of any eRegistration transaction resulting in the creation or cancellation of an agent link.

The following material is either exempt from or not required to be published under the Freedom of Information Act 2014.

[...]

Applicants in categories that cannot avail of the e-Registration facility may use the appropriate paper form e.g. TR1 or TR1(FT) and TR2 or TR2(FT).

The following material is either exempt from or not required to be published under the Freedom of Information Act 2014.

[...]

### 3.4 VAT registration application details

All applications, whether electronic or paper, request details which need to be considered in the appraisal of the VAT application. If any required information is missing, contact should be made with the applicant/agent as appropriate. A template query letter is attached at [Appendix 3](#).

#### 3.4.1 Date of registration

The accountable person is required to specify the date from which they require to register. The commencement date of the registration may be backdated to a prior date only in cases where the annual expected turnover exceeds the VAT registration threshold.

A person may elect to be registered for VAT where turnover is less than the threshold but may only register with effect from the beginning of the VAT period in which the application is made. The commencement date of registration cannot be backdated prior to that date.

If the date of registration is not completed, contact should be made to confirm the date from which registration is required, i.e. the date should not be assumed.

Occasionally, forward-dated applications are received. These applications should be processed to Applicant Status and then registered, if appropriate, on the required date.

#### 3.4.2 Registration in respect of EU acquisitions only

The following material is either exempt from or not required to be published under the Freedom of Information Act 2014.

[...]

#### 3.4.3 Reason for registering

The Applicant must indicate on the registration form the basis on which registration is being sought. If the Applicant is electing to register with turnover less than the prescribed threshold for VAT registration, this should be clearly referenced on the application form.

The following material is either exempt from or not required to be published under the Freedom of Information Act 2014.

[...]

#### 3.4.4 Expected turnover and registration thresholds

Applicants are obliged to indicate the estimated turnover for their business. An accountable person established in the State is not required to register for VAT if their turnover does not reach the appropriate threshold; however, they may elect to register for VAT. If, for example, a person selling bicycles (23% rate) estimates their annual turnover to be €15,000, they are below the current turnover threshold for goods of €75,000 and are not obliged to register for VAT.

The following material is either exempt from or not required to be published under the Freedom of Information Act 2014.

[...]

#### 3.4.5 Cash receipts

The applicant must indicate on the registration application if he/she is operating a cash receipt basis of accounting for goods and services by inserting an 'x' in the appropriate box.

A VAT registered trader usually accounts for VAT on an invoice basis. This means that the trader accounts for VAT on the basis of invoices issued during the VAT period regardless of whether or not payment has been received.

However, a trader may apply to account for VAT on the basis of monies received. Further information on the monies received basis of accounting is available on the Revenue website.

The following material is either exempt from or not required to be published under the Freedom of Information Act 2014.

[...]

#### 3.4.6 Agent correspondence

Where the customer wishes to have correspondence, i.e. VAT 3s, issued to the agent, the relevant box must be ticked in Part A of the TR application form or in the relevant eRegistration field.

The following material is either exempt from or not required to be published under the Freedom of Information Act 2014.

[...]

#### 3.4.7 Bank account details

This item refers to the bank account into which any VAT refunds will be made.

The following material is either exempt from or not required to be published under the Freedom of Information Act 2014.

[...]

#### 3.4.8 Developer or landlord property details for VAT purposes

In applications concerning Property Development or Property Rental where it is not clear that there will be a taxable supply of the property, contact should be made with the applicant/agent. A template letter for this purpose is provided at [Appendix 4](#).

The following material is either exempt from or not required to be published under the Freedom of Information Act 2014.

[...]

### 3.5 Applications from non-residents

The following material is either exempt from or not required to be published under the Freedom of Information Act 2014.

[...]

### 3.6 Submission of supporting documentation via MyEnquiries

Supporting documentation is to be uploaded by the Applicant/Agent at the time the VAT application is submitted in MyEnquiries. The category (Enquiry relates to) 'Tax Registration/Cancellation' and the sub-category (More specifically) 'VAT Supporting Documentation', is to be used.

The following material is either exempt from or not required to be published under the Freedom of Information Act 2014.

[...]

As outlined in Section 3.5 non-resident applicants are currently outside the scope of the online process. In such cases, any supporting documentation and information should be submitted with the paper application form.

The following material is either exempt from or not required to be published under the Freedom of Information Act 2014.

[...]

### 4.3 Section 108D of the VAT Consolidation Act 2010

Section 108D is an anti-fraud measure that enables Revenue to protect VAT revenues by ensuring that suppliers, particularly suppliers in other Member States, are made aware of the cancellation of particular VAT registration numbers and of their obligation to charge VAT on future supplies to those numbers.

The following material is either exempt from or not required to be published under the Freedom of Information Act 2014.

[...]

#### 5.4 'Intention to Trade' applications

A business which has not yet commenced to supply taxable goods or services, may register for VAT subject to the provision of satisfactory evidence that the applicant will become an accountable person. Such evidence of 'intention to trade' may include:

- Leases
- Contracts
- Tools of the Trade.

The following material is either exempt from or not required to be published under the Freedom of Information Act 2014.

[...]

If the applicant is registering for VAT in advance of proposed property transactions, a contract which provides for future entitlement to the land may be taken as an indicator of 'intention to trade'. However, the following minimum conditions must be met before the VAT in respect of a property transaction is allowable:

- The person must declare his/her intention to make a taxable disposal of an interest in the land **and**
- That intention must be supported by objective evidence. Such evidence can be:
  - Evidence of acquisition of an interest in the land or of an entitlement to develop the land
  - Evidence of application for/obtaining of planning permission for development of the land
  - Evidence of funding for the proposed development e.g. copies of up to date bank statements and other correspondence identifying transactions, including any deposits for the prospective purchase of the land, which support the claim that the person's intention is to make a taxable supply of the land in question.

The following material is either exempt from or not required to be published under the Freedom of Information Act 2014.

[...]

## 6. Registering a VAT Application

### 6.1 Section 110 estimates

Section 110 enables Revenue to enforce payment of tax against a taxable person who has failed to submit a return for any taxable period within the prescribed time after the end of that period.

The following material is either exempt from or not required to be published under the Freedom of Information Act 2014.

[...]

The S110 amount may be subsequently modified based on actual VAT returns. The amount may also be reduced to allow for the likely VAT incurred in respect of business purchases during the start-up period of the business.

A list of VAT rates applicable to over 2,500 goods and services is available on the [Revenue website](#).

The following material is either exempt from or not required to be published under the Freedom of Information Act 2014.

[...]

### 6.3 Re-registrations

All of the risk factors which apply to new registrations also apply to the reactivation of previously ceased VAT registrations and in particular where Section 108D letters have issued in the case. If the case was previously registered for VAT and is ceased on record, the re-registration should not be input until the application has been screened and approved in the normal manner.

The following material is either exempt from or not required to be published under the Freedom of Information Act 2014.

[...]

### 6.5 Mandatory eFiling of returns

Electronic filing of returns is mandatory in all cases unless an exemption has been granted by Revenue.

The following material is either exempt from or not required to be published under the Freedom of Information Act 2014.

[...]

## 7. Disallowing a VAT Application

Apart from applications where the bona fides of the application is in doubt, there may be other instances where an application for VAT registration has been disallowed. There may be no evidence of an accountable activity or the application may have been made in error. In such cases, the application should be disallowed with the appropriate notification issued to the applicant.

The main reasons an application may be disallowed include:

- **Exempt Activity**

The nature of the business is deemed to be an exempt activity at the time of the VAT Registration Application as specific in Schedule 1 of the VAT Consolidation Act, 2010.

- **Not Accountable**

Where it is deemed that the Applicant, at the time of Application is not an accountable person for the purposes of Value Added Tax as defined in section 5(1)(a) of the VAT Consolidation Act 2010.

- **No VATable Activity**

Where there is no evidence that taxable supplies are being made and the conditions for VAT registration as set out in section 5(1)(a) of the VAT Consolidation Act 2010 have not been met.

- **Liquidator/Receiver/Mortgagee**

The joint option for taxation of a supply of immovable goods requires that the goods which are being supplied form part of the assets of the business of an accountable person over which that Liquidator/Receiver/Mortgagee-In-Possession has been appointed. In circumstances where these requirements are not met the VAT Applications can be disallowed,

- **No Response**

The following material is either exempt from or not required to be published under the Freedom of Information Act 2014.

[...]

Template letters for each of the above scenarios are attached in the [Appendices](#).

### 7.1 Right of appeal

Officers should note that a person has the right of appeal against the refusal to grant registration in accordance with section 119(2) VATCA. **Where a registration is refused, the applicant is to be advised of this right.** See Refusal template letter at [Appendix 11](#).

**Exclusion from Mandatory Electronic Filing and Payment of Tax**

Revenue may exclude a taxpayer from their obligation to pay and file electronically, if Revenue is satisfied that the taxpayer does not have the capacity to do so. If you consider that you qualify for an exclusion you can apply in writing stating your reason(s) to your local tax office.

"Capacity" means sufficient access to the Internet, by which either or both a specified return or the payment of any specified liabilities may be made by electronic means and, in the case of an individual, also means not prevented by reason of age, or mental or physical infirmity from either or both making a specified return or paying any specified liabilities by electronic means.

If your request for exclusion is not approved by Revenue, you have a right to formally appeal the decision to refuse your exclusion request to the Tax Appeal Commissioners (TAC) for determination.

If you wish to appeal against this refusal, you must do so within the period of 30 days after the date of the refusal by completing and submitting a 'Notice of Appeal' form to the TAC. The 'Notice of Appeal' form, which is available on the TACs website <http://taxappeals.ie> contains the address to which an appeal is to be sent. You will be required to submit a copy of the refusal with your 'Notice of Appeal'. The TAC can be contacted by email at [info@taxappeals.ie](mailto:info@taxappeals.ie).

## Appendix 7 Advice of Intra-EU VAT Registration

### VALUE ADDED TAX (VAT)

#### ADVICE OF INTRA-EU REGISTRATION

You are registered for intra-EU VAT with effect from 30 May 2019. Your VAT number is **IE 1234567AA**

**This number should be quoted as required on invoices, settlement vouchers, etc., and on customs declarations.**

You are hereby authorised to determine your tax by reference to monies received in respect of your turnover from supplying goods and services except in relation to transactions excluded from such treatment.

You must file a VAT return and make a payment of VAT when due, to avoid incurring interest and penalties. It is an offence under the VAT Act 2010 to carelessly or deliberately file an incorrect VAT return.

An intra-EU VAT registration facilitates intra-community acquisitions from, and reporting of intra-community supplies to, all EU Member States.

If you indicated in your VAT registration application that you will be making intra-EU supplies to VAT registered customers in other EU Member States you will be required to submit mandatory VAT Information Exchange System (VIES) returns to Revenue. A separate letter, outlining your VIES reporting obligations, will issue to you.

If your circumstances change and you no longer carry on any Intra-EU trade, either acquisitions or supplies, you can amend your VAT registration using ROS.

#### **Returns/Payments via the Revenue Online Service (ROS).**

Your VAT3 returns and payments **must** be made electronically using ROS. If you do not use ROS you could be subject to a monetary penalty. Please note that you are also legally obliged to use ROS in respect of a range of other specified tax returns or if you are availing of certain reliefs and exemptions. Further information regarding the mandatory use of ROS to both file and pay is available on [www.revenue.ie](http://www.revenue.ie) under the ROS section.

If you do not have the capacity to make returns and payments electronically, you can apply to be excluded from the obligation to do so. Please see overleaf for exclusion conditions and how to apply.

If you are not already registered for ROS you should register now, by logging onto [www.revenue.ie](http://www.revenue.ie) and clicking the Online Services section. If you need assistance with registration or using the ROS facilities, you can contact our ROS Technical Helpdesk at + 353 1 738 3699.

If Revenue has a record of a tax agent acting on your behalf, your tax agent will also receive a copy of this notification.

#### **Cessation: Resident/Non-Resident Individual/Company.**

In the event of your trading activity having ceased in the State, you are obliged to cancel your tax Registration number. This can be done online via ROS or by completing Form TRCN1 which is available on the Revenue website.

#### **Exclusion from Mandatory Electronic Filing and Payment of Tax**

Revenue may exclude a taxpayer from their obligation to pay and file electronically, if Revenue is satisfied that the taxpayer does not have the capacity to do so. If you consider that you qualify for an exclusion you can apply in writing stating your reason(s) to your local tax office.

Application for VAT Registration

Dear Sir/Madam

I refer to your application to register for Value Added Tax (VAT) for the above entity.

The joint option for taxation of a supply of immovable goods by a Liquidator/Receiver/Mortgagee-In-Possession (delete as appropriate) to a taxable person requires that the goods which are being supplied form part of the assets of the business of an accountable person over which that Liquidator/Receiver/Mortgagee-In-Possession has been appointed.

As the immovable goods subject to sale by the Liquidator/Receiver/Mortgagee-In-Possession (delete as appropriate) do not meet these requirements, I am disallowing your application for VAT registration.

Should you wish to discuss this matter further please do not hesitate to contact the undersigned.
