Introduction

This manual contains information about how to access help in completing the ROS Form CT1, and it contains updates about the 2024 Form CT1.

The Corporation Tax Return for accounting periods ending in 2024 is available since April 2024: for filing through ROS online and the ROS Return Preparation Facility (RPF). Further updates to the Form CT1 2024 were released on June 2024 and January 2025.

The updates to the 2024 return are summarised for the highlighted panels. The most significant changes were those to implement the updated R&D corporation tax credit claim provisions and new Digital Games Tax provisions.

1 Company Details Panel

1.1 De Minimis Aid

A new section has been added to capture details of state aid received under the De Minimis regulations. This section captures both the state aid received in the current accounting period and over the previous three years. This section is a declaration and does not interact with the CT1 calculations.

De Minimis Aid

To comply with EU State aid rules, the total amount of de minimis aid granted per Member State to a single undertaking shall not exceed €300,000 over any period of 3 years. Member States must ensure that the combined amount of de minimis aid granted from all sources to a single undertaking in any three-year period does not exceed the €300,000 ceiling. You are required to provide details of all other de minimis aid which has been granted to you or your company within the past three years. It should be noted that a false declaration by you or your company resulting in the threshold of €300,000 being exceeded could later give rise to the aid being recovered with interest.

Where a claim is made under the following provisions, a declaration in respect of Commission Regulation (EU) 2023/2831 of 13 December 2023 ("the General De Minimis Regulation") is required—

1. Sec. 486C (Start-up company relief) in this accounting period
2. Sec. 372AAC Living City Initiative
3. Sec. 372AAD Living City Initiative
4. Sec. 268(1)(n) and Sec. 272(3)(k)(i) IBA Aviation Services Facilities

If you are applying for aid under the General De Minimis Regulation please tick the box ☐

I confirm that: the company has been granted only the following de minimis aid within the past three years (details to be supplied). Include aid granted under the General De Minimis Regulation and Commission Regulations (EU) 2023/2832, No 717/2014, and No 1408/2013, but exclude the aid in this return.

The gross grant equivalent of the aid in this return is:

3.1 iXBRL text changes

The text on the iXBRL filing options has been updated to reflect revenue's changing case base.

Extracts from Accounts	
Obligation to file Electronic Financial Statements	
<p><i>Mandatory iXBRL filing applies to all Corporation Taxes filers who cannot claim a waiver because they do not meet all three of the iXBRL deferral criteria set out in option 3 below. All companies may claim a waiver from mandatory iXBRL filing if they meet the criteria set out in options 4 and 5 below. Additionally, all companies may elect to file iXBRL voluntarily.</i></p> <p><i>If you are mandated to file electronic financial statements or you elect to file electronic financial statements, and fail to do so by the specific return filing date, the Corporation Tax return cannot be deemed to be fully or correctly completed until both the FormCT1 and electronic financial statements have been filed.</i></p> <p><i>If you select option 3 below and your company does not meet all three criteria, the Corporation Tax return cannot be deemed to be fully or correctly completed until both the FormCT1 and electronic financial statements have been filed.</i></p> <p><i>In the event that the electronic financial statements are submitted after the specified return filing date, the company may be liable to a surcharge under section 1084 TCA 1997.</i></p> <p><i>It should be noted also that the right to a repayment of tax only arises where a valid claim has been made. In the context of Corporation Tax repayments, Revenue does not consider that a valid claim has been made until any iXBRL financial statements required to be filed have been so filed. A repayment of Tax will not be made if there are any Tax returns outstanding. A CT return will be deemed as outstanding, if any iXBRL financial statements required to be filed, have not been so filed.</i></p> <p><i>The late filing or non filing of any iXBRL financial statements required to be filed will also delay or prevent the issue of a Tax Clearance Certificate.</i></p> <p><i>To submit Financial statement in iXBRL format or to amend Financial statements already submitted, go to the Manage Financial Statements option on the Client Services/Agent Services Screen. Multiple Financial Statements in iXBRL format may also be submitted via this option on the Agent Services Screen.</i></p>

If filers click on the first calculate button they will be shown the Gross Qualifying Financial Company Income. This is the total of Interest receivable from the ‘Recipient Details’ section plus the amount in the ‘Income from unmatched loans or unmatched portions of loans’ field.

The second calculate button will give the Net Qualifying Financial Company Income. This is the ‘Gross qualifying financial income’ less ‘Total external interest deductible’ The total external interest deductible will be the total from all loans entered.

5.3 Digital Games Tax changes

Guidance on Digital Games Tax Credit is set out in TDM [Part 15-02-07](#). The first thing to note is that the Digital Games Tax Credit can now be claimed in input mode and amend mode, whereas up to now it could only be claimed in amend mode. The main change to Digital Games Tax is as follows:

For accounting periods commencing before 1 January 2024, the CT liability of the company is reduced by the amount of the credit. Where the relief is greater than the CT due, the excess amount is paid to the company. For accounting periods commencing on, or after, 1 January 2024, the credit is not offset against the company’s CT liabilities. The company must elect to have the credit treated as an overpayment for offset against tax liabilities or repaid directly to the company.

The credit per digital game is 32% of the lowest of:

- eligible expenditure
- 80% of total qualifying expenditure
- **or**
- €25 million.

Therefore, the total of a current interim claim plus the total of previous interim claims cannot exceed 32% of €25 million. There is no change to the existing Digital Games Interim Claim or Final Claim sections for accounting periods commencing before 1 January 2024. For accounting periods commencing on or after 2024, there is a new section which can be opened by clicking on the Digital Games Relief 2024 button.

Figure 29: Click this button to open the new DGT section

When the button is clicked, the new section will open and in this section the credit can be claimed as an overpayment or set against tax liabilities.

(x) Provide details of the amount at (ix), or any portion of such amount to be:

(A). Treated as an overpayment of tax, for the purposes of section 960H, as set out in section 481A(22)(a) TCA 1997? If yes, please include the amount or any portion of such amount ☐

Amount

A(i). The amount of the overpayment as set out in (x)(A) which is to be offset against the company's corporation tax payable for the accounting period for preliminary tax purposes under section 481A(22F).

B. Paid to the company by the Revenue Commissioners, as set out in section 481A(22)(b) TCA 1997. If yes, please state the amount or any portion of such amount. ☐
