2.3 Status Indicator

The status indicator on the Form 12 will identify if the service is available to the customer. The different status indicators are as follows:

- **Available:** This means that the customer has not submitted a Form 12 return and they can submit a return.
- **Required by 31/10/YY:** The customer is required to submit the Form 12 return by this date.
- **Outstanding since 31/10/YY:** The customer is required to submit a Form 12 and the due date has passed.
- **Saved:** There is a partially saved Form 12 which has not been submitted.
- **Submitted:** The customer has submitted a Form 12 either online or on paper.

2.4 Issue of End of Year Statement (P21)

Customers who make the online submission will get an online EOYS and this will usually be available to view in My Documents within two working days of the request.

The spouse or civil partner in joint assessment cases will also receive a copy of the EOYS in My Documents. Customers will also receive a paper copy of their EOYS if their contract preference in their myAccount profile is set to 'non-electronic' or they are not registered for myAccount.

2.5 Joint Assessment Cases

In joint assessed cases, either spouse/civil partner can request an EOYS.

Only the assessable spouse or nominated civil partner can complete the Form 12. However, the non-assessable spouse or civil partner can elect to be the assessable spouse/nominated civil partner for the relevant year so they can complete and submit the Form 12. This only relates to PAYE customers and does not apply to Income Tax registered customers.

If a customer elects to be the assessable spouse/nominated civil partner they will be immediately taken to the Form 12 for the relevant year so they can complete the form.

The figure consists of three screenshots from the Revenue website, showing the process of electing to be an assessable spouse for the 2015 tax year.

Screenshot 1: The page is titled "Review your tax 2013 - 2016" and "Form 12". It states: "You cannot currently complete a Form 12 for 2015 as you are not the assessable spouse for this tax year. Do you wish to elect to become the assessable spouse for 2015?" and provides a link for more information. There are "No" and "Yes" buttons.

Screenshot 2: The page is titled "Review your tax 2013 - 2016" and "Assessable spouse election form". It shows a declaration: "I, Marge Simpson, elect to be the assessable spouse for the 2015 tax year." and a checkbox to confirm the declaration. There is a "Sign and submit" button.

Screenshot 3: The page is titled "Review your tax 2013 - 2016" and "Thank you". It states: "You have elected to become the assessable spouse for the 2015 tax year. You may now submit a Form 12 for this tax year." and has a "Next" button.

3. Completing a Form 12

3.1 Overview of Form 12

The Form 12 is divided into 6 distinct sections as follows:

- Getting Started
- Personal Details
- PAYE Income
- Non-PAYE Income
- Tax Credits & Reliefs
- Declaration

The Form 12 is pre-populated with relevant information extracted from the customer's record to make it as easy as possible for them to complete and to help them get it right. Where the information is pre-populated the customer will be required to confirm that is correct. It will be possible to add, delete or amend certain information.

The customer will be taken through each of the sections by clicking on the 'Continue' button at the bottom right hand side of the screen.

3.2 Getting Started

The 'Getting Started' section provides a brief overview of the different sections in the form and also what information the customer will need to complete the Form 12.

3.3 Personal Details

Customers can update some of their **personal details** such as their bank account details.

Details, such as name and address, cannot be amended on the form. Customers can, however, amend certain details on their profile screen on myAccount. Otherwise the customer should telephone their local Revenue District.

3.4 PAYE Income

It will not be possible to complete the Form 12 unless all job and pension incomes, subject to PAYE, are input.

In many cases the information will be available based on the information provided by the customer's employer or pension provider. The pay, tax and USC details will be pre-populated for the employments on record for the tax year in question once the P35L from the customer's employer or pension provider had been received and uploaded to Revenue records.

Where the information is not available the customer must input the correct pay, tax and USC details and provide other additional information as required.

The screenshot shows a web form titled "Employer" with a red asterisk indicating required fields. The form includes the following fields and options:

- Employer's tax registration no.**: A text input field.
- Gross Income ***: A text input field.
- Tax Deducted ***: A text input field.
- Has any of the above employment income been subjected to non-refundable foreign tax**: A checkbox.
- Income for USC ***: A text input field.
- USC Deducted ***: A text input field.
- Taxable Illness Benefit included by Employer**: A text input field.
- Relationship to Employer ***: A dropdown menu with "None" selected.
- Does the P60 for this employment indicate there was 53 pay days in 2016? ***: Radio buttons for "Yes" and "No" (selected).

At the bottom right, there are "Cancel" and "Update" buttons.

Figure 5: Details required when pay and tax details not on record

If the customer had a job or pension for that particular year and it is not displayed on screen the customer will need to input the necessary details for this employment using the [Jobs and Pensions](#) service.

3.5 Non-PAYE Income

3.5.1 DSP Incomes

However, any changes made to a customer's record, since the customer accessed their Form 12, will not be reflected in the saved form. Customers will be advised of this and told to delete the saved form.
