Employment Wage Subsidy Scheme (EWSS)

The EWSS is an economy-wide enterprise support. The Scheme provides a subsidy to qualifying employers based on the numbers of eligible employees on the employer's payroll. EWSS replaced the Temporary Wage Subsidy Scheme (TWSS) from 1 September 2020 and was expected to continue until 31 March 2021 (both Schemes ran in parallel from 1 July 2020 until the TWSS ceased at the end of August 2020). On 23 February 2021 it was announced that the EWSS would be extended to 30 June 2021 and on 1 June the Scheme was further extended to 31 December 2021. The TWSS and the EWSS are operated by Revenue through the payroll system.

There are **37,500 employers currently registered with Revenue for EWSS**. This excludes 17,700 employers who were previously registered.

On 21 October 2020, Revenue advised of changes to the EWSS, involving a new payment schedule and reflecting a Government decision to revise the rates of subsidy payable under the EWSS. The revised Scheme operates in respect of payroll submissions with pay dates on or after 20 October 2020. October EWSS payments were paid starting 5 November 2020. The first EWSS payments in respect of November payrolls were paid from 10 November. Thereafter, subsequent payments are being paid following the receipt of a payroll submission containing an EWSS claim. This means EWSS is now paid on a similar basis to the TWSS, providing a significant positive cashflow boost for businesses.

Business Resumption Support Scheme (BRSS)

The Business Resumption Support Scheme (BRSS) is new additional support for businesses impacted by COVID-19 available from September 2021.

The BRSS is a targeted support for companies, self-employed individuals, partnerships as well as certain charities and sporting bodies that carry on a trade that was significantly impacted by COVID-19 public health restrictions, including where the impact has continued after the easing of the restrictions. The Scheme is available to businesses that were actively trading on 1 September 2021 and intend to continue doing so. Businesses are also required to fully meet the qualifying conditions of the scheme, as set down in the legislation. Eligible businesses may make a claim for support under BRSS irrespective of whether they have previously qualified for other COVID-19 related Government schemes.

Eligible businesses can now register for BRSS via the e-Registration facility in ROS. Registration is a necessary first step for businesses to access the Scheme. Once registered, eligible businesses can make a claim at any time up to 30 November 2021 for the single payment support via the eRepayments facility.

A qualifying person may make a claim under BRSS for a single payment which will be equal to three times the average weekly turnover of the relevant business activity for the applicable reference.

Registration for BRSS opened on 6 September 2021. So far, **420 applications for 438 trades have been received for the BRSS**. Claims of €516,800 have made under the Scheme with €100,000 in payments processed and paid to businesses so far.

COVID Restrictions Support Scheme (CRSS)

The CRSS is aimed at businesses impacted by COVID-19 restrictions. Under the CRSS, a qualifying person who carries on a business activity that is impacted by COVID-19 related restrictions, such that the business is required to prohibit or considerably restrict customers from accessing its premises, can make a claim to Revenue for a payment, subject to a maximum of €5,000, for each week that it is affected by the restrictions. Payment will be made generally within 3 days of the submission of a qualifying claim.

On 4 December 2020, Government announced an additional CRSS payment for businesses unable to reopen during the Christmas and New Year period. The additional support was available for the weeks beginning 21 December 2020, 28 December 2020 and 4 January 2021, and provided double the amount of the weekly CRSS support payment, subject to the statutory maximum payment of €5,000 per week.

From 10 May 2021 businesses resuming trading activities can claim a 'Restart Week' payment (in effect double the normal weekly CRSS payment rate) for a period of two weeks. A further enhancement of the CRSS was announced on 1 June 2021, eligible businesses resuming trading activities from 2 June can claim an enhanced restart payment to assist them with the additional costs of reopening. This provides a single payment in respect of a 3-week period, with the weekly entitlement calculated at double the normal weekly CRSS rate. The maximum amount that may be claimed in respect of each of the weeks covered increased from €5,000 to €10,000 (total maximum payment is €30,000). On 29 June it was confirmed that for the weeks commencing 5 July and 12 July, the CRSS rate would be doubled for eligible businesses (up to the weekly maximum of €5,000). Eligible businesses resuming trading activities, such as those in the indoor hospitality sector, can claim the enhanced restart payment to assist them with the additional costs of reopening (a single payment in respect of a 3-week period, with the weekly entitlement calculated at double the normal weekly CRSS rate with the total maximum payment of €30,000).

Once a business makes a claim for the enhanced restart payment, it no longer qualifies for CRSS. **There are currently 3,300 businesses with 3,900 premises registered for CRSS with Revenue. 17,100 premises have claimed "Restart Weeks" and are now trading without the support of CRSS.**

CRSS Table 1: Payment Claims by Period

Claim Week Start Date*	Claimed Amount	Premises Claiming
Up to 21 December	€155.9m	19,800
21 December / 28 December / 4 January	€101.7m	19,300
11 January to 3 May	€294.9m	24,200
10 May onwards	€147.2m	19,900**
All Claim Periods	€700m	25,500

Payments are 85% to Corporation Tax registered businesses and 15% Income Tax to registered businesses; *A claim period can be up to a maximum of 3 weeks; **17,100 of these premises have claimed for 'Restart Week' payments in this period.

Temporary Acceleration of Loss Relief

Section 11 of the Financial Provisions (Covid-19) (No. 2) Act 2020 introduced a new section 396D in the Taxes Consolidation Act 1997. S396D provides for a **temporary acceleration of Corporation Tax loss relief** for accounting periods affected by the COVID-19 pandemic and related restrictions. It allows companies to estimate their trading losses for certain accounting periods and to carry back up to 50% of those losses against chargeable profits of the preceding accounting period on an accelerated basis.

Accelerated Loss Relief Table 1: Companies

Company Type	Number of Claims	Amount of Loss Claimed	Tax Cost
Companies with trading profits	228	€471.6m (median claim €59,000)	€59.0m
Companies with excepted trades	26	€2.5m (median claim €22,000)	€0.6m
All Claimants	254	€474m	€59.6m

Data to end August 2021; Data reflect 2020 losses carried back against 2019 profits, information on claims in respect of 2020 profits (2021 losses carried back) is not yet available.

Section 10 of the Financial Provisions (Covid-19) (No. 2) Act 2020 provides for **temporary Income Tax measures to assist self-employed individuals** who have been adversely impacted by the COVID-19 restrictions.

Self-employed individuals can claim to have their losses and certain unused capital allowances carried back and deducted from their profits for the preceding tax year of assessment, thus reducing the amount of Income Tax payable on those profits. A €25,000 limit on the total amount that may be carried back applies. An acceleration of this relief allows self-employed individuals to make interim claims based on the estimated amount of relief available to them.

Accelerated Loss Relief Table 2: Self-Employed Individuals

Claim Type	Number of Claims	Amount Claimed
Losses	325	€3.39m
Capital allowances	120	€0.61m
All Claimants*	359	€4.0m

*Data to end August 2021. *Some taxpayers claim both Losses and Capital Allowances; Includes claims for Losses and Capital Allowances from 2020 and 2021 carried back to 2019.*
