

eCustoms Helpdesk Notification

Number:	Ref: 07/2023
Subject:	Technical specifications outlining the structure of ROS REST web services available to engage with the eCustoms Accounts System.
Who should read:	All those involved in the verification of software packages being compatible with C&E accounts software.
Related Notification:	eCustoms Notification 40-2022
Issued by:	eCustoms Helpdesk
Queries to:	ecustomsaccounts@revenue.ie
Issue Date:	22 February 2023

In [eCustoms Notification 40-2022](#) issued in September 2022, Revenue advised of the new Customs Accounting System. This will be introduced in March 2023. Details and features of this are included in the linked notification.

Revenue has now published the ROS REST web services document which facilitates the retrieval of reports for Importers & Payers for C&E from the new accounts system through their own software. This is available at the following link:

[software-developers/technical-specifications-for-ecustoms/transactions-retrieval/index.aspx](https://www.revenue.ie/en/software-developers/technical-specifications-for-ecustoms/transactions-retrieval/index.aspx)

Further information in relation to PIT can be accessed via the following link:
