### Introduction:

As advised in [eCustoms Helpdesk Notification 29/2023](#), the European Commission is moving to a fully electronic system for processing of T2L/T2LF requests. This is in line with the Union Customs Code (UCC) requirement that all exchanges of customs related information should be made electronically.

From 1 March 2024, all T2L/T2LF requests must be submitted electronically on the new PoUS system. The system is accessed through an EU Trader Portal. From that date, paper copies of the T2L/T2LF can no longer be requested or processed.

**To assist businesses to prepare for this transition, Revenue will host an online information seminar on 21<sup>st</sup> of February. An email notification with the link to the seminar will issue shortly.**

### What do you need to do now?

To be ready to lodge a T2L or T2LF request on the EU trader portal on the 1<sup>st</sup> March 2024:

- You must have a Revenue Online Service (ROS) digital certificate. You will find information about obtaining a ROS certificate in [Guide to ROS](#).
- You must have an [Economic Operator Registration and Identification \(EORI\)](#) number and be registered for Customs and Excise (C&E) on ROS.
- You must be authenticated in the trader portal. This is handled by the Uniform User Management & Digital Signature (UUM&DS) system together with ROS. You can use the UUM&DS to assign responsibility for customs applications and authorisations (delegation) to your customs representative. You will find further information about how to create and manage these roles in [Access Management through UUM&DS](#).

**What will you be able to do when the new PoUS system comes into operation?**

- Submit a T2L/T2LF request.
- Create a Presentation Notification
- Attach required supporting documents.
- Receive notifications related to your T2L/T2LF.
- Respond to requests from Customs for further information.
- Check the status of the T2L/T2LF.

**T2L/T2LF documents submitted before 1<sup>st</sup> March 2024**

Please note that any T2L/T2LF documents submitted before 1<sup>st</sup> March 2024 will be processed in the current paper form.
