# 1. INTRODUCTION

This document presents the code lists of the AIS.

The presentation starts in section 1.1 which includes the summary of the code lists.

- The List code is referenced in the “AIS and CCI Message Structures” document.
- The Format column describes the format of the values of the code list. The notation of the format is explained in detail in the “AIS and CCI Message Structures” document.

The detailed description of the code lists is presented in the chapter 2.

Usage information for the code-lists (which message field / data element uses the code-list) can be found at the end of the document.

Some code lists are driven by the TARIC system and are labelled as such in the section 1.1 below. They are not exhaustive lists. These lists are subject to change in line with TARIC updates.

Please consult the following [link](#) to ensure you have all the appropriate documents included for Commodity Code used.
